Readers are advised to read the original Japanese-language notice. In the event of any discrepancy between this translation and the Japanese original, the latter shall prevail in all respects.

- (Note 1) Anticipated Acquisition Prices show purchase prices set forth in the purchase and sale agreements for the trust beneficiary interests and do not include adjustments for property taxes, city planning taxes, or national or local consumption taxes.
- (Note 2) Appraisal Value is based on appraisal value stated in the appraisal report by The Tanizawa Sōgō Appraisal Co., Ltd. on the valuation date of January 1, 2018. For details, please refer to “(1) Details of the Four Hotel Properties” of “4. Details of the Four Hotel Properties” below.
- (Note 3) For an overview of the sellers, please refer to “5. Overview of Sellers of the Four Hotel Properties” below.
- (Note 4) Amounts are rounded down to the nearest unit; hereinafter the same.

2. Reasons for Acquisitions and Leasing

As described in the press releases “Notice concerning Sale of Assets” dated December 21, 2017 and December 26, 2017, INV sold 9 assets (the “Nine Sold Assets”) in December 2017 and January 2018 for a combined price of JPY 9,746 million which is equivalent to a 4.2% NOI cap rate¹. These assets were sold at a JPY 2,048 million gain² or 26.6% above book value². In addition, the sale prices are JPY 1,275 million or 15.1% above appraisal value³.

Using these proceeds, INV is now acquiring four hotels (the “Acquisition”, and together with the Dispositions, the “Portfolio Rebalance”) from affiliates of the Sponsor, Fortress Investment Group LLC (“FIG”), for a price of JPY 12,425 million and at an average appraisal NOI cap rate⁴ of 6.2%. The Four Hotel Properties are well located and positioned in their respective sub-markets and are all operated by MyStays Hotel Management Co., Ltd. (hereinafter “MHM”). The acquisition is in line with the INV’s overall growth strategy, in acquiring properties expected to contribute growth and improvement in stability of income focusing on investment in hotels located in Tokyo metropolitan area and those that could capture the increasing demand from inbound visitors, with competitive location and spec at a high cap rate. The total annual appraisal NOI after depreciation⁵ of the Four Hotel Properties is JPY 190 million higher than the total NOI after depreciation⁶ of the Nine Sold Assets, which is equivalent to JPY 38 per unit⁷. Importantly, this acquisition occurred without issuing any new debt or equity.

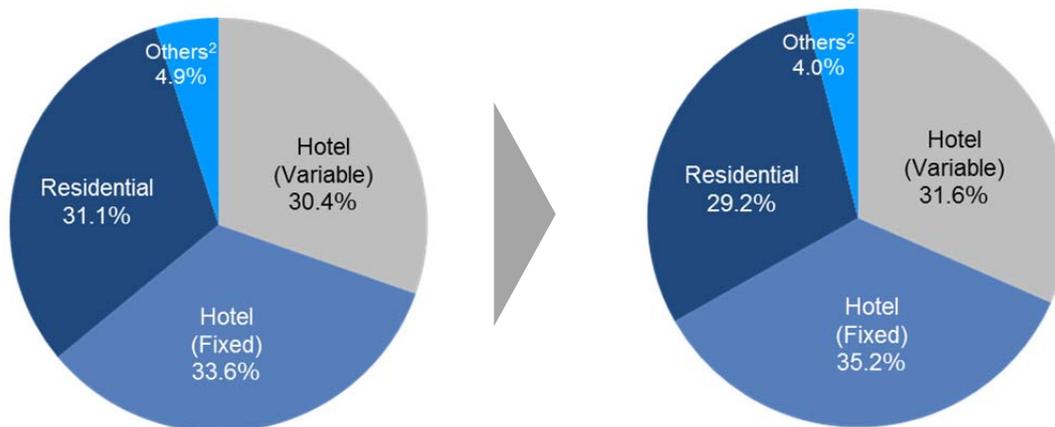

Moreover, INV is concurrently planning an additional disposition of its non-core assets⁸, and such disposition is anticipated to be agreed upon with the buyer soon. INV will also working on several acquisition(s) to further invest the cash to be obtained by such dispositions by utilizing the Sponsor pipeline.

- (Note 1) Calculated by dividing aggregated actual NOI for July 1, 2016 – June 30, 2017 of the Nine Sold Assets by the aggregated sales price. NOI of the Nine Sold Assets are calculated on the actual NOI for the above period.
- (Note 2) The difference between the sales price and book value indicates estimate for reference purpose calculated using the book values as of June 30, 2017 and are not coincident with a gain on sale.
- (Note 3) Based on the appraisal reports by Japan Real Estate Institute, The Tanizawa Sōgō Appraisal Co., Ltd., Morii Appraisal & Investment Consulting, Inc, and Assets Research and Development Inc. on the valuation date of December 1, 2017.
- (Note 4) “Appraisal NOI Yield” is calculated by dividing the total NOI derived from the direct capitalization method stated in the appraisal reports by The Tanizawa Sōgō Appraisal Co., Ltd. on the valuation date of January 1, 2018 by the total of Anticipated Acquisition Price, and rounded to one decimal place.
- (Note 5) The appraisal NOI after depreciation of the Four Hotel Properties is calculated by deducting the depreciation amount from the total net operating income (NOI) derived from the direct capitalization method stated in the appraisal reports by The Tanizawa Sōgō Appraisal Co., Ltd. on the valuation date of January 1, 2018. The depreciation amount is based on the estimate by CIM.
- (Note 6) The total NOI after depreciation of the Nine Sold Assets is calculated as the total actual NOI from July 1, 2016 to June 30, 2017 of these properties with deducting the total depreciation amount for the said period.
- (Note 7) Calculated by dividing the difference of total appraisal NOI after depreciation of the Four Hotel Properties and total actual NOI after depreciation for the Nine Sold Assets by the total number of investment units issued and outstanding as of today (4,793,181 units). This figure does not show the actual impact on distribution per unit, and INV does not

Rent Revenue Composition (Normalized) (Note 1)

Before Portfolio Rebalance (Note 3)

Post-Portfolio Rebalance

(Note 1) The percentages in the above pie chart of “Before Portfolio Rebalance” indicate the composition of annual rent revenue concerning all the properties held by INV as of December 1, 2017 (including the Nine Sold Assets), which is a sum of (i) forecasts for the period from January 2018 to December 2018 for all the properties except for the Nine Sold Assets, and (ii) actual results for the period from January 2017 to December 2017 for the Nine Sold Assets whose forecasts are not available for 2018. The percentages in the pie chart of “Post-Portfolio Rebalance” are calculated by adding (i) the expected annual operating revenue in 2018 to be generated by the Four Hotel Properties calculated by CIM to the figures of the “Before Portfolio Rebalance” and (ii) subtracting the actual results for the period from January 2017 to December 2017 for the Nine Sold Assets. In addition, the figures for the Four Hotel Properties to be acquired in February 2018 are calculated on the assumption INV had acquired these properties on January 1, 2018, using the actual figures provided by the sellers of such properties for the period before the acquisition. Moreover, annual rent revenue does not include the dividend from the preferred equity interest (the “Preferred Equity Interest”) of a TMK held by INV, nor the rental revenue from Sheraton Grande Tokyo Bay Hotel, the underlying asset of the Preferred Equity Interest

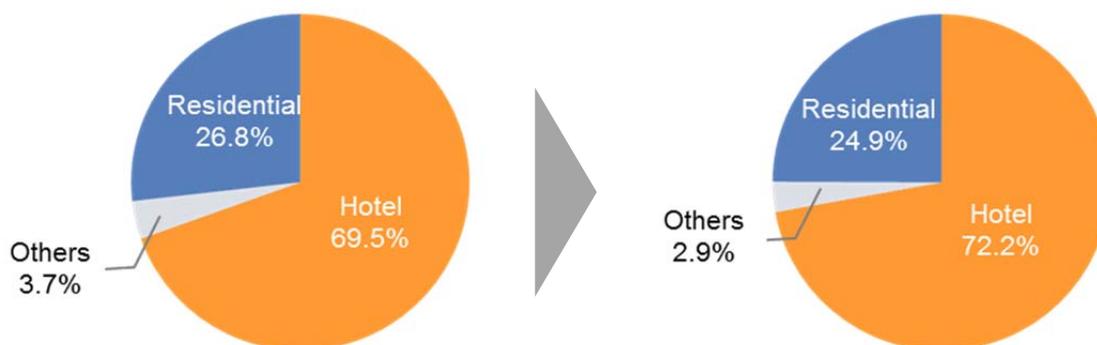

(Note 2) The item of “Others” consists of office properties and retail properties; the same shall apply hereinafter.

(Note 3) “Before Portfolio Rebalance” is properties and trust beneficial interest (in the property on trust) owned by INV as of December 1, 2017, including the Nine Sold Assets; the same shall apply hereinafter.

(Note 4) The ratio figures are rounded to one decimal place.

Portfolio Composition by Asset Type (Note)

Before Portfolio Rebalance

Post-Portfolio Rebalance

(Note) Based on (anticipated) acquisition price. INV's investment amount to the Preferred Equity Interest is recognized as the acquisition price of the Preferred Equity Interest. The Preferred Equity Interest is categorized in the hotel portfolio based on the use of its underlying asset; Preferred Equity Interest is counted as a property in the portfolio based on the number of underlying assets, when counting the number of assets. Unless otherwise noted, the same shall apply hereinafter.

The summary of the portfolio inclusive of the Preferred Equity Interest is as follows;

	Before Portfolio Rebalance	Nine Assets Sold (Note 1)	Four Hotel Properties To be Acquired	Post Portfolio Rebalance (Note 1)
Properties (Hotel Properties) (Note 2)	130 (54)	9 (0)	4 (4)	125 (58)
Total (Anticipated) Acquisition Price (mn JPY) (Note 3)	357,074	8,114	12,425	361,386

(Note 1) The figures described in the columns of "Before Portfolio Rebalance" and "Post Portfolio Rebalance" are inclusive of Preferred Equity Interest.

(Note 2) The figures described in the row of "Total (Anticipated) Acquisition Price" are rounded down to the nearest unit.

The summary of the portfolio exclusive of the Preferred Equity Interest is as follows;

	Before Portfolio Rebalance	Nine Assets Sold (Note 1)	Four Hotel Properties To be Acquired	Post Portfolio Rebalance (Note 1)
Properties (Hotel Properties)	129 (53)	9 (0)	4 (4)	124 (57)
Total (Anticipated) Acquisition Price (mn JPY) (Note 2)	339,229	8,114	12,425	343,540
Total Appraisal Value (mn JPY) (Note 2) (Note 3)	404,929	8,288	12,550	409,191
Appraisal NOI Yield (Note 4)	6.5%	5.1%	6.2%	6.5%

(Note 1) The figures described in the columns of "Before Portfolio Rebalance" and "Post Portfolio Rebalance" do not include the Preferred Equity Interest.

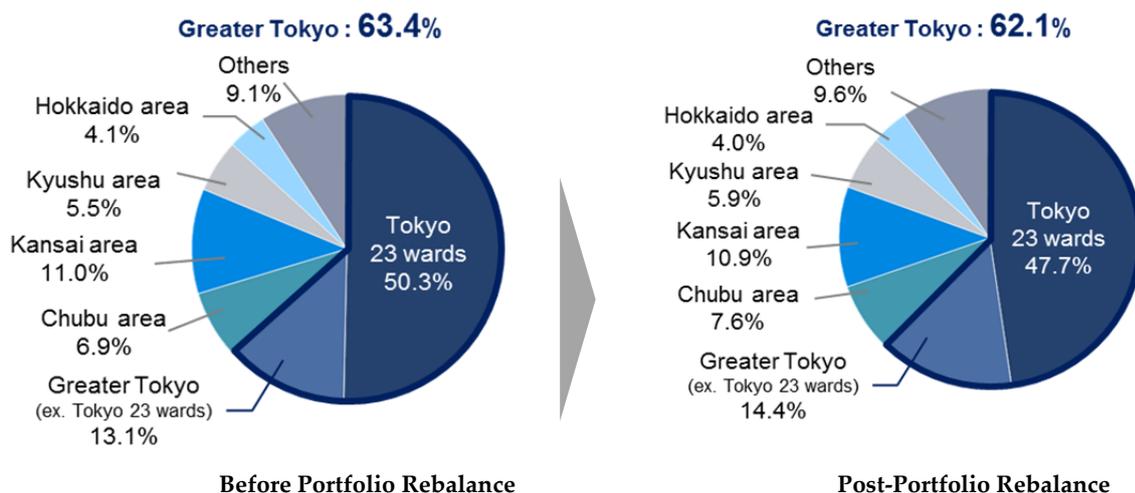

This English language notice is a translation of the Japanese-language notice released on February 5, 2018 and was prepared solely for the convenience of, and reference by, non-Japanese investors. It is not intended as an inducement or solicitation for investment. We caution readers to undertake investment decisions based on their own investigation and responsibility. This translation of the original Japanese-language notice is provided for informational purposes only, and no warranties or assurances are given regarding the accuracy or completeness of this English translation. Readers are advised to read the original Japanese-language notice. In the event of any discrepancy between this translation and the Japanese original, the latter shall prevail in all respects.

(Note 2) The figures for “Total (Anticipated) Acquisition Price” and “Total Appraisal Value” are rounded down to the nearest units.

(Note 3) “Total Appraisal Value” is based on the appraisal value stated in the appraisal reports (including the research value stated in the research reports; hereinafter the same shall apply) on the valuation date of June 30, 2017 for the 125 properties owned as of July 31, 2017, on the valuation date of July 1, 2017 for the four hotel properties acquired on October 13, 2017, on the valuation date of June 30, 2017 for the floor expansion portion of Hotel MyStays Gotanda Station acquired on October 31, 2017, and on the valuation date of January 1, 2018 for the Four Hotel Properties. As the floor expansion portion of Hotel MyStays Gotanda Station was under construction upon the decision on the acquisition, the appraisal value for such floor expansion portion shows the research value set forth in the research report on the valuation date of June 30, 2017, issued by Morii Appraisal & Investment Consulting, Inc. The research value represents the difference between (i) the research value of the existing portion owned by INV and the floor expansion portion combined, valued at 27,400 million yen assuming the completion of the construction, and (ii) the research value for the existing portion owned by INV before the additional acquisition valued at 24,800 million yen. For further information, please kindly refer to “Notice concerning Acquisition and Sale of Assets” dated July 25, 2017.

(Note 4) “Appraisal NOI Yield” is calculated by dividing the total NOI derived from the direct capitalization method stated in the appraisal reports of (Note 3) above by the total of (Anticipated) Acquisition Price, and rounded to one decimal place. The NOI of Hotel MyStays Gotanda Station represents the difference between (i) the NOI of existing portion owned by INV and floor expansion portion combined, assuming the completion of the construction, and (ii) the NOI for the existing portion owned by INV before the additional acquisition in the appraisal reports of (Note 3) above.

Portfolio Composition by Geography (Note 1) (Note 2)

(Note 1) Calculated based on the (anticipated) acquisition price. INV’s investment amount to the Preferred Equity Interest is recognized as the acquisition price of the Preferred Equity Interest. The Preferred Equity Interest is categorized in Greater Tokyo (ex. Tokyo 23 wards) portfolio based on the location of its underlying asset

(Note 2) The definition of areas used in the circle charts is as follows;
 Greater Tokyo (excluding Tokyo 23 wards): Tokyo Metropolis (excluding Tokyo 23 wards), the three surrounding prefectures of Kanagawa, Chiba, and Saitama
 Kansai : Osaka, Hyogo, Kyoto, Shiga, Wakayama, and Nara
 Chubu : Aichi, Gifu, Mie, Shizuoka, Nagano, Yamanashi, Niigata, Toyama, Ishikawa, and Fukui

3. Execution of Lease Agreement

In regards to the Four Hotel Properties, INV will enter into lease agreements with (i) MHM for Hotel MyStays Yokohama Kannai and Hotel MyStays Oita, (ii) HL investments Co., Ltd. for Art Hotel Joetsu, and (iii) Hirosaki Hotel Management Godo Kaisha for Art Hotel Hirosaki City, based on the combination of fixed rents and variable rents linked to Gross Operating Profit (GOP) (Note 1). Each of HL investments

Co., Ltd. and Hirosaki Hotel Management Godo Kaisha will enter into management contract with MHM, and entrust the operation of Art Hotel Joetsu and Art Hotel Hirosaki City to MHM, respectively. Of 58 hotels in INV's portfolio after the acquisition of the Four Hotel Properties, 47 hotels use a variable rent scheme described above (Note 2).

After this transaction, MHM manages 46 hotels owned by INV and overall manages 82 hotels in Japan. MHM has continued to invest in its systems and people in order to improve the operations and profitability of its managed hotels.

MHM recently launched its new websites and is in the process of launching a new online reservation system in order to increase direct bookings to save commissions and have more direct customers. MHM has also recently launched a new revenue management system based on machine learning to improve the overbooking algorithms to help offset cancellation and improve revenue at the hotels overall.

MHM is continuing to court the increasing foreign tourism business which accounted for 42% of INV owned MyStays Hotel revenue in 2017. In addition to having multi-lingual chat and staff, MHM has sought to increase its Chinese guest count by being the first Japanese hotel company to list its rooms on Fliggy, Alibaba's online marketplace in China selling hotels, tours and other travel-related services from online travel agencies and direct travel service providers. MHM was the top international chain by revenue on Fliggy and won an award for Single's Day in China.

(Note 1) In this case, Gross Operating Profit is rent revenue INV receives as a rent which is the amount remaining after deducting operating expenses such as personnel expenses, cost of utilities, and advertising expenses, as well as management fee for operators (if any) from the hotel's revenues.

(Note 2) Including the Sheraton Grande Tokyo Bay Hotel, the underlying asset of the Preferred Equity Interest.

(Note 2) Including Hotel Nets Hakodate, whose operator is scheduled to be changed to MHM effective May 1, 2018. Please refer to "Notice concerning Change of Operator" dated January 31, 2018 for details of such operator change.

Readers are advised to read the original Japanese-language notice. In the event of any discrepancy between this translation and the Japanese original, the latter shall prevail in all respects.

- In “Determination of rent of lease agreement,” monthly rent amount is rounded down to nearest ten thousand yen, and annual rent is rounded down to the nearest million yen.
 - The “Management Services Fee” is a commission fee payable to the tenant from landlord in accordance with the provisions of the lease agreement as a compensation for operational service provided by a tenant under the agreement. The management services fee is not disclosed, as tentative consent has not been obtained for disclosure. However, for MHM, an amount of the management services fee to be received is, in principle the sum of (i) an amount equal to 2% of monthly sales, (ii) an amount equal to 0-6% of monthly sales from direct bookings made through the MHM’s marketing department or website, and (iii) an amount equal to 4-6% of the monthly GOP (pre-fees) after deducting the amounts of (i) and (ii) above.
 - In “Security Deposit/Guarantee Money,” the amount of the security deposit/guarantee money after amortization pursuant to the lease agreement is listed.
- d. “Overview of Building Conditions Survey Report” column:

For the Four Hotel Properties, INV has received a report from Tokio Marine & Nichido Risk Consulting Co., Ltd. on building deterioration survey, short- and long-term repair plan decision, a condition survey in compliance with the Building Standards Act, a survey of dangerous substances contained in a building, and soil survey, amongst others, and has provided an overview of the report in this column.

- “Replacement Price” means the total amount of the appropriate costs needed in the event that the appraised building is to be rebuilt at the time of the survey.
 - “Short-term Repair Costs” indicates the repair and/or replacement costs for items which, at the time of the survey, are below minimum maintenance level due to deterioration or items which are in violation of law or regulations, etc. and which can be judged as best to be repaired or replaced within one year.
 - “Long-term Repair Costs” consist of capital expenditures and repair costs. Capital expenditures means, of the anticipated improvement costs necessary to maintain the building at the set building functionality level, the costs to extend the use period of the building’s equipment or to replace it entirely. Repair costs means, of the anticipated improvement costs necessary to maintain the building at the set building functionality level, costs other than capital expenditures.
- e. About the section of “Summary of the Report on Earthquake Risk”

For the Four Hotel Properties, INV has received a seismic risk assessment from Tokio Marine & Nichido Risk Consulting Co., Ltd. The summary of the report is described in this section.

- Probable Maximum Loss (PML) is a term that means the value of the largest loss that could result from an earthquake, used for a specific property and for an overall portfolio as well. As there is not a universal definition for PML in the strict sense, this press release uses the term under the definition of “a loss (damage) estimate expressed as a percentage of the total replacement cost of real property,” assuming an earthquake of the largest magnitude in the 50-year period of a property’s expected lifetime, or a mega-quake of recurrence interval (return period) of 475 years, which translates into a probability of recurrence 10 % in 50 years.
- f. Descriptions in the “Area Characteristics, etc.” :

Descriptions in the “Area Characteristics, etc.” field are an abstract or summary of descriptions in the Real Estate Appraisal Report on the Four Hotel Properties, prepared by appraisal agencies or market report, or created by referring to such descriptions.

This English language notice is a translation of the Japanese-language notice released on February 5, 2018 and was prepared solely for the convenience of, and reference by, non-Japanese investors. It is not intended as an inducement or solicitation for investment. We caution readers to undertake investment decisions based on their own investigation and responsibility. This translation of the original Japanese-language notice is provided for informational purposes only, and no warranties or assurances are given regarding the accuracy or completeness of this English translation. Readers are advised to read the original Japanese-language notice. In the event of any discrepancy between this translation and the Japanese original, the latter shall prevail in all respects.

g. Descriptions in the “Special Notes”:

Descriptions in the “Special Notes” fields are matters that are deemed important in consideration of their impact on rights, appraisal value, profitability and disposability of the Four Hotel Properties.

h. “Income and Expenditures, Etc.” column:

- Based on the information provided from the sellers for each operating period from January 1, 2016 to December 31, 2017. This is not a guarantee of future income and expenditures.
- Amounts are rounded down to the nearest 1,000 yen. Therefore, the figures may not necessarily match the total value when added together. Unless otherwise specifically noted, the amounts do not include consumption tax, etc.
- “Taxes and Public Dues,” include property tax and city planning tax, which are generally imposed on the owner on January 1 of each year. For property tax and city planning tax that were borne by the current owner or previous owner at the time of INV’s acquisition of the Four Hotel Properties, the estimated amount is included in the acquisition price, and is therefore not included in “Taxes and Public Dues.”
- “Non-life Insurance Premiums” is the total amount of paid insurance premiums distributed proportionally over the relevant period.
- “NOI” (Net Operating Income) lists in principle the actual figures as provided by the seller. With respect to the trust fees, administration fees, depreciation and insurance premiums, the figure following the adjustments assuming the asset is held by INV is listed.
- “Room Income” includes room use fees and lease fees.
- “Other Income” includes items such as parking lot use fees, laundry fees, vending machine transaction fees, etc. which do not fall under “Room Income”.
- “ADR,” or Average Daily Rate, is the value of the total room sales for a certain period (excluding service fees) divided by the total number of sold rooms for the same period.
- “RevPAR”, or Revenues Per Available Room, is calculated by dividing the total sales for a certain period by the aggregate number of rooms for the same period (rooms x number of days), and is the same figure as that of a product of room occupancy rate and ADR.
- “Room Occupancy Rate” is calculated using the following formula:

room occupancy rate = the aggregate number of days per room for which each room was occupied divided by the number of available rooms (aggregate number of rooms during the relevant period x number of business days during target period) during the relevant period
- “GOP Ratio” is calculated using the following formula:

GOP ratio = $\text{GOP} \div \text{sales figure}$
- “Daily / Weekly / Monthly” is the ratio for each classification of length of stay (i.e., daily/weekly/monthly), and is calculated by dividing total room sales for the relevant classification during each operational period by the aggregate room sales for the same operational period and then multiplying the figure by 100. Daily, weekly and monthly are classified by the number of days of stays, with daily being 1-6 nights, weekly being 7-29 nights, and monthly being 30 or more nights.

This English language notice is a translation of the Japanese-language notice released on February 5, 2018 and was prepared solely for the convenience of, and reference by, non-Japanese investors. It is not intended as an inducement or solicitation for investment. We caution readers to undertake investment decisions based on their own investigation and responsibility. This translation of the original Japanese-language notice is provided for informational purposes only, and no warranties or assurances are given regarding the accuracy or completeness of this English translation. Readers are advised to read the original Japanese-language notice. In the event of any discrepancy between this translation and the Japanese original, the latter shall prevail in all respects.

- “Overseas Sales Amount” is the sales amount via overseas web agents, who operate a business managing application from abroad.
- i. “Summary of Real Estate Appraisal Report” column:

INV has requested real estate appraisal from appraisal agency for the Four Hotel Properties based on the matters for consideration in a real estate appraisal under the Investment Trust Act, the Act on Real Estate Appraisal (Act No. 152 of 1963, as amended; the “Act on Real Estate Appraisal”) and the real estate appraisal standards.

An appraisal value of a property is merely an opinion of the real estate appraiser regarding the value of the appraised property at the time the appraisal was conducted in accordance with the Act on Real Estate Appraisal and real estate appraisal standards, etc.

A real estate appraisal is neither a guarantee nor a promise that an asset can be sold or purchased at such appraisal value either now or in the future.

(2) Matters relating to Seismic Resistance etc. for the Four Hotel Properties

With respect to “Hotel MyStays Yokohama Kannai”, INV has confirmed based on Notice of criteria test results on structural calculation sheets issued by a third party expert, Urban House Evaluation Center Co.,Ltd.(UHEC), that structural design has satisfied requirements under the Building Standard Act. With respect to “Art Hotel Joetsu”, INV has confirmed based on the evaluation report issued by a third party expert, ERI Solution Co., Ltd., that structural design has no willful falsification of structural calculation sheets, etc.. With respect to “Art Hotel Hirosaki”, INV has obtained an opinion from a third party expert, SD Network Co., Ltd , indicating that, there is no fact that the structure design is a falsification nor there are concerns of structural design. With respect to “Hotel MyStays Oita”, INV has obtained an opinion on such report from a third party expert, PROPERTY RISK SOLUTION Corporation (The current name: Deloitte Tohmatsu Property Risk Solution Co., Ltd.), indicating that, structure design is fully compliant to the Building Standard Act and Seismic Design Code of Conduct and particular issues are not been recognized. Also it is confirmed that no intentional falsification was traced. All of these four hotel properties satisfied requirements under new seismic code (Note 1). As a part of due diligence (Note 2) routine, INV conducts investigation on seismic risks for new acquisitions.

(Note 1) New seismic code refers to the seismic resistance standards in regard to building design, which is applied in construction certificate after June 1, 1981.

(Note 2) The due diligence conducted in connection with the acquisition includes examination of appraisal values, building inspection, seismic risk inspection and legal due diligence.

6. Transactions with Interested Persons etc.

The sellers of the Four Hotel Properties, namely Ginga TMK, HL Investments TMK, Monza TMK and Suisai TMK, are not Sponsor-related Persons (Note) under the voluntary rules specified by CIM as countermeasures against conflicts of interests in the management of INV's investments. However, such sellers have indirectly received investments through funds managed by affiliates of FIG, an affiliate of Calliope, CIM's parent company, and thus a Sponsor-related Person. Therefore, CIM treats the sellers as persons equivalent to Sponsor-related Persons.

The Acquisitions are to be acquired at prices not exceeding their appraisal value in accordance with Sponsor-Related Person Transaction Rules and Sponsor-Related Person Transaction Management Manual, which are internal rules of CIM, and after deliberation and resolution of the compliance committee meeting of CIM and the investment committee meeting of CIM held on February 5, 2018, the board of directors of CIM approved the acquisitions at the meeting held on the same day and the board of directors of INV approved the acquisitions at the meeting held on the same day.

In addition, MHM, the tenant/operator of the Hotel MyStays Yokohama Kannai and Hotel MyStays Oita, the operator of Art Hotel Joetsu and Art Hotel Hirosaki City is not a Sponsor-related Person under the voluntary rules specified by CIM as countermeasures against conflicts of interests in the management of INV's investments. However, each tenant is an affiliate of FIG, which is an affiliate of Calliope (Calliope is CIM's parent company, and thus a Sponsor-related Person). Therefore, CIM treats MHM as a person equivalent to a Sponsor-related Person.

In accordance with Sponsor-Related Person Transaction Rules and Sponsor-Related Person Transaction Management Manual of CIM and following the deliberation and resolution of the compliance committee meeting and the investment committee meeting both held on February 5, 2018, the boards of directors of CIM and INV each approved the lease agreements expected to be entered into with MHM at meeting both held February 5, 2018, subject to hotel operating capability of MHM being confirmed as sufficient through a third party report and other relevant information, the rent level of each properties being reasonable considering the market level, and management services fee amount and structure being fair compared with similar properties.

(Note) A Sponsor-related Person is (i) any person who falls under the "Interested Persons, etc." set forth in the Investment Trust Act and the Enforcement Order of the Investment Trust Act, (ii) all shareholders of CIM and (iii) special purpose companies (tokubetsu mokuteki kaisha) (a) which delegate their management to persons who fall under (ii) above, or (b) which are invested by or invested in anonymous partnership (tokumei kumiai) by persons who fall under (ii) above.

10. Future Outlook

There are no changes to INV's forecasts for financial results and distribution for the fiscal period ended December 2017 (July 1, 2017 to December 31, 2017) in connection with the acquisition of the Four Hotel Properties, as the acquisition of the Four Hotel Properties will take place during the fiscal period ending June 2018. Moreover, the impact of the acquisition of the Four Hotel Properties on the financial results for the fiscal period ending June 2018 is minor.

Further, as mentioned in "2. Reasons for Acquisitions and Leasing" above, INV is currently planning additional disposition of its non-core asset, and such additional disposition is anticipated to be agreed upon with the buyer soon. Therefore, INV intends to announce the forecasts for financial results and distribution for the fiscal period ending June 2018 (January 1, 2018 to June 30, 2018), once such additional disposition and the detail thereof is determined.

11. Other Matters that are Necessary for Investors to Properly Understand and Make Judgment on Relevant Information

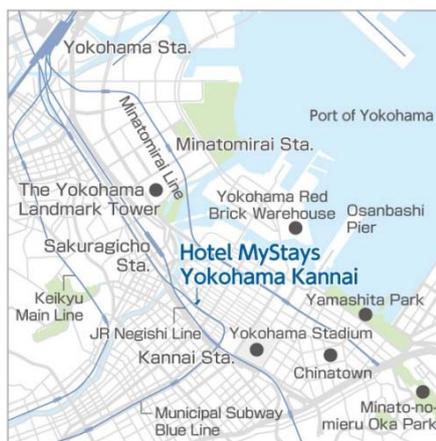

For risks relating to investments in the Four Hotel Properties, please refer to the "Investment Risks" (*toshi risuku*) in the securities report (*yuka shoken hokokusho*) of INV for the fiscal period ended June 2017 (from January 1, 2017 to June 30, 2017) (available in Japanese only), filed as of September 21, 2017.
