Information for Unitholders

**Greetings from Naoki Fukuda, Executive Director of Invincible Investment Corporation and President & CEO of Consonant Investment Management Co., Ltd.**

We would like to take this opportunity to express our sincere gratitude to all unitholders of Invincible Investment Corporation ("INV") for your continued support. We hereby provide you with a report on INV's asset management and financial results for the 43rd fiscal period (from July 1, 2024 to December 31, 2024) (the "Reporting Period").

In the Reporting Period, the domestic hotels achieved steady growth compared to the previous year due to stable domestic demand coupled with the recovery and growth in inbound demand. As for the Cayman hotels, there was a temporary downturn in performance due to the partial sales stoppage resulting from the large-scale renovation work at Sunshine Suites Resort, but demand remained strong.

Under such circumstances, INV implemented a global public offering for the second consecutive year to acquire 12 domestic hotels, including the full-service hotel "Art Hotel Osaka Bay Tower & Solaniwa Onsen", further expanding and enriching its hotel portfolio, which is the largest among J-REITs. Furthermore, in October 2024, Fusaki Beach Resort Hotel & Villas, one of INV's flagship hotels, won a total of six awards for "World Luxury Hotel Awards 2024", an internationally recognized award which is considered as the "Academy Awards of the hotel industry", including three "World Luxury Hotel Awards" in the hotel category, and three awards for "World Luxury Spa Awards 2024" for its SPA "Fusaki Spa". We believe that the hotel's high quality of service and diverse facilities were highly evaluated, leading to the award, and we look forward to welcoming our unitholders to this hotel.

On the financing side, we worked to manage our finances by keeping a close eye on interest rate trends, and we extended the terms of the loans and diversified repayment dates. At the same time, we raised the ratio of fixed interest rates by implementing interest rate swap transactions and borrowing at fixed interest rates as a precaution against the risk of rising interest rates.

As a result, INV announced a distribution per unit of JPY 1,982 by recording operating revenues of JPY 25,555 million, operating income of JPY 17,751 million, and net income of JPY 15,138 million in the Reporting Period. The distribution per unit ("DPU") exceeded the result for the June 2024 fiscal period and is the highest DPU since February 2010 when the corporate name changed to Invincible Investment Corporation.

The current environment will continue to require us to deal with rising costs, including interest rates, but we aim to further increase DPU by working diligently to capture demand for banquets and meetings which have recovered significantly after the COVID-19 pandemic, and inbound demand in regional areas, as well as by making asset acquisitions and strategic investments such as renovations of domestic and overseas hotels.

Your continued support is highly appreciated.

Naoki Fukuda

Executive Director, Invincible Investment Corporation

President & CEO, Consonant Investment Management Co., Ltd.

## ESG Initiatives

INV recognizes the importance of environmental, social, and governance (ESG) considerations in real estate investment management from the viewpoint of sustainability such as economic and social development and contributing to global environmental conservation, and regard improvement of sustainability as an important management issue and implement initiatives to contribute to make our society sustainable.

### 2024 GRESB Real Estate Assessment<sup>1</sup>

In the 2024 GRESB Real Estate Assessment, INV received a “3-Star” GRESB Rating, which is based on overall GRESB scores and its quintile position among participants, for the second consecutive year. INV was also awarded a “Green Star” designation by achieving high performance in both the “Management Component” that evaluates policies and organizational structure for ESG (Environmental, Social, and Governance) promotion, and the “Performance Component” that assesses environmental performance and tenant engagement of properties owned. Further, INV was highly evaluated for its ESG information

disclosure efforts and received an “A Level” the highest level for GRESB Public Disclosure, which assesses the breadth of ESG disclosure for the fourth consecutive year. We will consider preparations for acquiring evaluation by other external organizations, such as green building certification, to strengthen our ESG initiatives.

(Note 1) GRESB is an annual benchmarking assessment to measure ESG (Environmental, Social, and Governance) integration of real estate companies and funds. The GRESB Real Estate Assessment is characterized by evaluating sustainability initiatives of real estate companies, REITs, and real estate funds, rather than targeting individual real estate. The GRESB rating is a relative evaluation based on the overall score, with the highest rating being 5-star

(Note 2) BELS is a third-party certification system that evaluates and certifies the energy-saving performance of a building that the operators are required to make efforts to display under the Act on Improving Energy Consumption Performance for Architectural Structures. Houses and buildings are evaluated based on the value of BEI (Building Energy Index) derived from the primary energy consumption based on the government-designated energy consumption performance standard of architectural structures. The evaluation result is rated on a five-star scale based on energy conservation performance (from one star “★” to five stars “★★★★★”), with five stars meaning the highest energy conservation performance. Also, two stars or more represent that the building meets the existing energy conservation standard

(Note 3) CASBEE is a method that comprehensively assesses the quality of a building, and evaluates features such as interior comfort and scenic aesthetics, in consideration of environment practices including use of materials and equipment that save energy or achieve smaller environmental loads. CASBEE Certification for Buildings (Existing Buildings) scores buildings based on the environmental quality and the environmental load reduction of buildings that are at least one year old after completion. Assessment results by CASBEE are indicated on a scale with the following five ranks: Rank S “★★★★★”, Rank A “★★★★”, Rank B+ “★★★”, Rank B- “★★”, and Rank C “★”. Certification for CASBEE for Real Estate was developed with the aim of making use of the results of the environmental assessment of buildings by CASBEE in real estate evaluation. The assessment results are given one of four ranks: Rank S “★★★★★”, Rank A “★★★★”, Rank B+ “★★★”, and Rank B- “★★”

(Note 1) Dividend payout ratio is calculated in accordance with the following formula and rounded to one decimal place:

$$\text{Dividend payout ratio} = \text{Distribution amount (Excluding distributions in excess of retained earnings)} / \text{Net income} \times 100.$$

(Note 2) Figures above are calculated as below, and ratios are rounded to one decimal place. Figures annualized according to the number of days are also shown.

Return on assets = Ordinary income for relevant period / ((Total assets at start of relevant period + Total assets at end of relevant period) / 2) x 100.

Return on equity = Net income for relevant period / ((Net assets at start of relevant period + Net assets at end of relevant period) / 2) x 100.

Capital ratio = Net assets at end of relevant period / Total assets at end of relevant period x 100.

NOI = Rental revenue – Property-related expenses + Management contract revenue - Management contract expenses + Dividends of preferred equity interest + Depreciation expense for relevant period.

The dividends of preferred equity interest has been included in the formula calculating NOI from the 41st fiscal period. Since no dividends of preferred equity interest was recorded from the 39th to the 41st fiscal period, this change makes no difference. However, since dividends of preferred equity interest was recorded from the 42nd to the 43rd fiscal period, dividends of preferred equity interest was included in NOI due to this change.

## 2 Overview of Asset Management for the Fiscal Period Ended December 2024

### (a) Main Trends of INV

INV was established in January 2002 in accordance with the Investment Trust and Investment Corporation Act (Act No. 198 of 1951, as amended). In May 2004, INV was listed on the Osaka Securities Exchange (application for delisting was made in August 2007), and in August 2006 was listed on the Real Estate Investment and Trust Securities Section of the Tokyo Stock Exchange (Ticker Code: 8963).

After the absorption-type merger with LCP Investment Corporation (“LCP”) was implemented on February 1, 2010, INV issued new investment units through a third-party allotment on July 29, 2011 and refinanced its debt. Calliope Godo Kaisha (“Calliope”), an affiliate of the Fortress Investment Group LLC (“FIG” and together with Calliope and other affiliates of FIG, collectively the “Fortress Group”) was the main allottee, and the sponsor changed to the Fortress Group.

Ever since the commencement of sponsorship from the Fortress Group (Note 1), INV has been focusing its efforts on improving the profitability of its portfolio and establishing a revenue base in order to secure stable distributions, and has strengthened the lender formation through new borrowings and the refinancing of existing bank borrowings, thereby creating a financial base for external growth. With this platform as a base, in June 2014, Consonant Investment Management Co., Ltd., the asset manager to which INV entrusts the management of its assets (“CIM”) revised the Investment Guidelines for INV, positioned hotels as a core asset class alongside residential properties with a view towards expanding investments in the hotel sector in which demand is forecasted to rise going forward, and has expanded its portfolio.

In the Fiscal Period ended December 31, 2024 (“Reporting Period”), INV implemented a global offering of new investment units for the second consecutive year and acquired 12 domestic hotels. As a result, INV's portfolio at the end of the Reporting Period comprised of 146 properties (104 hotels (Note 2) (Note 3), 41 residential properties and one retail facility) with a total acquisition price of JPY 653,066 million (Note 4). Furthermore, INV's hotel portfolio has the largest asset size (Note 5) of JPY 612,281 million (104 properties, 18,871 rooms) among all J-REITs (real estate investment corporations which are listed on the Tokyo Stock Exchange Real Estate Investment Trust Securities Market, hereinafter the same shall apply) hotel portfolios including Hotel J-REITs (Note 6).

(Note 1) Calliope transferred 80.0% of issued shares to Fortress CIM Holdings L.P., a subsidiary of SoftBank Group and 20.0% to SoftBank Group Corp. (“SoftBank Group”) on March 29, 2018, but the SoftBank Group transferred its issued shares of CIM to Fortress CIM Holdings L.P on May 23, 2023. Further, on May 15, 2024, the SoftBank Group transferred its interest in the indirect parent company of Fortress CIM Holdings L.P. to Mubadala Capital, a wholly-owned subsidiary of Mubadala Investment Company, an Abu Dhabi sovereign wealth fund. As a result, the SoftBank Group no longer falls under the parent company and specified related corporation of CIM.

(Note 2) The preferred equity interest held by INV is counted as one property. Such preferred equity interest issued by a special purpose company (*tokutei mokuteki kaisha*, “TMK”) refers to 178,458 units of the preferred equity interest issued by Kingdom Special Purpose Company (equivalent to 49.0% of the outstanding preferred equity interest), which owns the trust beneficiary interest of the Sheraton

Grande Tokyo Bay Hotel as an underlying asset. The property is classified as a hotel, based on the use of Sheraton Grande Tokyo Bay Hotel, the underlying asset of the preferred equity interest, and INV's investment amount of the preferred equity interest is used as the acquisition price of the preferred equity interest, unless otherwise stated. The "underlying asset" refers to the real estate or the real estate related assets owned by a operator of an anonymous association (*tokumei kumiai*, "TK") interest or a TMK relating to the preferred equity interest which INV owns, thus the real estate or the real estate related assets which will be the revenue source of INV. Hereinafter the same shall apply.

(Note 3) From September 28, 2018 (Cayman Island local time; September 29, 2018 in Japan local time), INV owned 100% of the TK interest in Seven Mile Resort Holdings Ltd. (the "Cayman SPC"), a Cayman Islands special purpose company that holds leasehold interests in Westin Grand Cayman Seven Mile Beach Resort & Spa and Sunshine Suites Resort (collectively, the "Cayman Hotels") and ancillary assets as underlying assets. However, INV implemented the investment structure change (the "Structure Change" in some cases hereinafter) regarding the Cayman Hotels on May 9, 2019 (Cayman Island local time; May 10, 2019 in Japan local time) and has directly held the Leasehold Interests, etc. of the Cayman Hotels thereafter. Both of the TK interest and the Cayman Hotels are counted as two properties before and after the Structure Change. In addition, the "Leasehold Interests, etc." means leasehold interests (rights equivalent to long-term real estate leases on land and buildings under the British Cayman laws) and furniture, fixtures, equipment, ornaments, kitchen instrument, and other assets required for hotel operations. Hereinafter the same shall apply.

(Note 4) Due to the Structure Change, the book value of the leasehold interests of the Cayman Hotels recorded by the Cayman SPC as of May 9, 2019 (Cayman Island local time; May 10, 2019 in Japan local time), when INV succeeded the leasehold interests of the Cayman Hotels from the Cayman SPC via distribution in kind in connection with the termination of TK agreement, is deemed as the acquisition price of the Cayman Hotels. The book value is converted into JPY amount via exchange rate of USD 1=JPY 110.45 based on the foreign exchange forward contracts executed on July 26, 2018 and implemented on September 26, 2018 in connection with the investment in the TK interest by INV. Hereinafter the same shall apply.

(Note 5) Hotel J-REIT is defined as the J-REIT whose majority part of portfolio consists of hotel assets.

(Note 6) "The largest asset size ... among all J-REIT hotel portfolios" refers to the total acquisition price of 104 hotels owned by INV as compared with the total acquisition price of hotels (including inns and other accommodation facilities) owned by listed investment corporations other than INV as of December 31, 2024.

#### (b) Operational Performance

The portfolio NOI (Note 1) increased by 36.3% or JPY 6,246 million compared to the same period in the previous year (the December 2023 fiscal period) to JPY 23,451 million. Of which, the hotel portfolio NOI increased by JPY 6,226 million and the residential and retail portfolio NOI increased by JPY 19 million. Compared to the December 2019 fiscal period prior to the COVID-19 pandemic, the portfolio NOI increased by 54.7% or JPY 8,287 million, of which the hotel portfolio NOI increased by JPY 9,057 million and the residential and retail portfolio NOI decreased by JPY 769 million due to asset sales.

Commentary on hotel and residential performance is as described below.

As for the domestic hotel portfolio, all hotel indices for the period under review exceeded those for the same period of the previous year due to solid domestic demand coupled with strong growth in inbound demand. The GOP (Note 2) for the Reporting Period increased by 14.3% compared to the same period in the previous year (figures exclude nine domestic hotels with fixed-rent lease agreements among the 90 domestic hotels owned by INV as of the end of the Reporting Period, including Sheraton Grande Tokyo Bay Hotel, the underlying asset of the preferred equity interest of TMK owned by INV). The 81 domestic hotels (Note 3) recorded an occupancy rate (Note 4) of 85.6%, ADR (Note 5) of JPY 15,030, and RevPAR (Note 6) of JPY 12,863. The Cayman Hotels recorded an average occupancy rate of 52.6%, ADR of USD 438, and RevPAR of USD 231 for the Reporting Period. Although demand was robust throughout the Period, the impact of hurricanes and storms including "Hurricane Beryl", a Category 5 hurricane, as well as the impact of the partial sales stoppage

resulting from the large-scale renovation work at Sunshine Suites Resort, caused ADR to increase but occupancy rate and RevPAR to decrease compared to the same period last year.

Regarding the residential portfolio (Note 7), the occupancy rate (Note 8) of 41 residential properties remained at 96.9% at the end of the Reporting Period, with slight changes during the Reporting Period. The average occupancy rate (Note 8) increased by 0.9 points YoY to 96.9%. The NOI (Note 9) for the Reporting Period increased by 1.9% YoY.

In the Reporting Period, INV realized a rent increase for 68.8% (based on the number of contracts) of the new residential lease contracts, and the new rent increased by 2.6% compared to the previous rent across all new leases (Note 10). INV achieved a rent increase for 61.6% (based on the number of contracts) of contract renewals with an average rent increase of 1.9% compared to the previous rent across all renewal leases, while maintaining a high contract renewal rate (Note 11) of 76.5%. Combined, new lease and renewal lease rents were signed at 2.1% higher than the previous leases. The average rent per tsubo per month (Note 12) for the Reporting Period increased by 0.8% YoY to JPY 9,291.

The total appraisal value of 145 properties was JPY 767,492 million (one out of the 146 properties owned by INV at the end of the Reporting Period is excluded from the appraisal calculation: Sheraton Grande Tokyo Bay Hotel (preferred equity interest) for which the appraisal value of such interest is not available). The portfolio has an unrealized gain of JPY 171,708 million (Note 13) and an unrealized gain ratio of 28.8% (Note 13). The total appraisal value of the 133 properties which were owned throughout the Reporting Period increased by 0.5% from JPY 657,902 million at the end of the June 2024 fiscal period to JPY 661,382 million at the end of the Reporting Period.

(Note 1) "NOI" for the hotel properties is calculated in accordance with the following formula:

NOI= Rental Revenues - Property Related Expenses + Depreciation Expenses + Dividend on the preferred equity interest (TMK dividend) + (Management Contract Revenue of the Cayman Hotels - Management Contract Expense)

- (Note 2) "GOP" means the gross operating profit, and is the amount remaining after deducting costs of hotel operations (the personnel, utility and advertising expenses and other expenses) and the management services fee to operators (if any) from the hotel's revenues. In addition, GOP for the Sheraton Grande Tokyo Bay Hotel has been multiplied by 49%, or INV's ownership ratio of the preferred equity interest. Hereinafter the same shall apply.
- (Note 3) Of the 90 hotels held as of the end of December 2024 (including the Sheraton Grande Tokyo Bay Hotel, the underlying asset of the preferred equity interest of TMK owned by INV), the following nine hotels with fixed-rent lease agreements etc. are excluded: Super Hotel Shinbashi/Karasumoriguchi, Comfort Hotel Toyama, Super Hotel Tokyo-JR Tachikawa Kitaguchi, Super Hotel JR Ueno-iriaguchi, Comfort Hotel Kurosaki, Comfort Hotel Maebashi, Comfort Hotel Tsubame-Sanjo, Comfort Hotel Kitami and Takamatsu Tokyu REI Hotel. In addition, the figures for the properties acquired after January 2019 are calculated on the assumption INV had acquired those properties on January 1, 2019, using the actual figures provided by the sellers of such properties for the period before the acquisition. "D48 Takamatsu Tokyu REI Hotel" changed its contract with its major tenant, TOKYU HOTELS & RESORTS CO., LTD., to fixed-rent with variable rent lease from April 25, 2023. However, in view of the continuity of disclosed data and other factors, this hotel will continue to be excluded. Hereinafter the same shall apply.
- (Note 4) "Occupancy rate" for the hotel properties is calculated in accordance with the following formula:  
Occupancy rate = total number of occupied rooms during a certain period ÷ total number of rooms available during the same period (number of rooms x number of days)  
Hereinafter the same shall apply.
- (Note 5) "ADR" means average daily rate, and is calculated by dividing total room sales (excluding service fees) for a certain period by the total number of days per room for which each room was occupied during the same period. Hereinafter the same shall apply.
- (Note 6) "RevPAR" means revenues per available room per day, and is calculated by dividing total room sales for a certain period by total number of rooms available (number of rooms x number of days) during the same period, and is the same as the figure obtained by multiplying ADR by occupancy rates. Hereinafter the same shall apply.
- (Note 7) Based on the 41 residential properties owned as of the end of December 2024. Hereinafter the same shall apply.
- (Note 8) "Occupancy Rate" and "Average Occupancy Rate" for the portfolio or the residential properties are calculated by dividing the sum of total leased area by the sum of total leasable area at the end of each month during the relevant period. Hereinafter the same shall apply.
- (Note 9) For the comparison of NOI for the residential properties, one-off insurance-related revenues and expenses are excluded. Hereinafter the same shall apply.
- (Note 10) Increase or decrease in the sum of monthly rents on new or renewal contracts, or the total of both, compared with the sum of previous rents. Hereinafter the same shall apply.
- (Note 11) Renewal rate is calculated by the number of renewed contracts during the relevant period divided by the number of contracts due up for renewal during the relevant period.
- (Note 12) "Average Rent per Tsubo per Month" is calculated by dividing the total rental revenue (including common area charges) for each month by the sum of total leased area (tsubo) at the end of each month during the relevant period.
- (Note 13) The unrealized gain is calculated using the following formula: the appraisal value as of the end of the Reporting Period – book value as of the end of the Reporting Period.  
The unrealized gain ratio is calculated using the following formula: the unrealized gain ÷ book value as of the end of the Reporting Period.

(c) Overview of Fund Raising

As a result of the measures described below, INV's interest-bearing debt outstanding balance was JPY 323,197 million and the Interest-Bearing Debt ratio (Note 1) and LTV (appraisal value basis) (Note 2) were 47.0% and 42.1%, respectively, as of the end of the Reporting Period, with an average interest rate (Note 3) of 1.07%.

(Note 1) Interest-Bearing Debt ratio uses the calculation formula below:  
Interest-Bearing Debt ratio = total outstanding interest-bearing debt (excluding short-term consumption tax loans) / total assets x 100.

(Note 2) LTV (appraisal value basis) uses the calculation formula below:  
LTV = total outstanding interest-bearing debt (excluding short-term consumption tax loans) / total appraisal value (\*) x 100.

(\*) Since appraisal value for Sheraton Grande Tokyo Bay Hotel (preferred equity interest) is not available, the acquisition price of the preferred equity interest (JPY 17,845 million) is deemed as appraisal value of Sheraton Grande Tokyo Bay Hotel (preferred equity interest). The appraisal value of the Cayman Hotels is converted into JPY amount via exchange rate of USD 1=JPY 110.45 based on the foreign exchange forward contracts concluded on July 26, 2018 and executed on September 26, 2018.

(Note 3) The average interest rate (annual rate) is the weighted average based on the outstanding balance of borrowings and rounded to two decimal places.

(i) Equity Financing

INV implemented a global public offering which closed on July 30, 2024 (the number of new investment units issued: 895,000; total issue value: JPY 55,096 million), and a third party allotment which closed on August 27, 2024 (the number of new investment units issued: 14,332; total issue value: JPY 882 million) in order to procure part of the funds for the acquisition of 12 domestic hotels described in “(d) Overview of Acquisition of Assets”.

(ii) Debt Finance

(a) Borrowing of Funds

INV borrowed New Syndicate Loan (014) (total amount borrowed: JPY 15,862 million; interest rate: floating interest rate of 3-month JPY TIBOR plus 0.70000% for a duration of seven years, floating interest rate of 3-month JPY TIBOR plus 0.60000% for a duration of six years, floating interest rate of 3-month JPY TIBOR plus 0.50000% (by the interest swap agreement on October 21, 2024, it is fixed, in effect, at 1.37500%) for a duration of five years, floating interest rate of 3-month JPY TIBOR plus 0.40000% (by the interest swap agreement on October 21, 2024, it is fixed, in effect, at 1.23000%) for a duration of four years, which was arranged by Mizuho Bank, Ltd. on July 16, 2024 in order to repay a tranche of New Syndicate Loan (L) in the amount of JPY 4,943 million, a tranche of New Syndicate Loan (M) in the amount of JPY 5,796 million, two tranches of New Syndicate Loan (009) in the amount of JPY 7,958 million, a tranche of New Syndicate Loan (011) in the amount of JPY 1,965 million due on July 16, 2024 and Term Loan (W) in the amount of JPY 1,582 million due on July 20, 2024.

Moreover, INV borrowed New Syndicate Loan (015) on July 31, 2024 (total amount borrowed: JPY 56,725 million; interest rate: floating interest rate of 3-month JPY TIBOR plus 0.70000% for a duration of seven years, floating interest rate of 3-month JPY TIBOR plus 0.60000% for a duration of six years, 1.59750% for a duration of six years, floating interest rate of 3-month JPY TIBOR plus 0.50000% (by the interest swap agreement on October 21, 2024, it is fixed, in effect, at 1.37500%) for a duration of five years, floating interest rate of 1-month JPY TIBOR plus 0.20000% for a duration of one year, and floating interest rate of 1-month JPY TIBOR plus 0.20000% for a duration of one year), which was arranged by Mizuho Bank, Ltd. in order to pay a portion of the acquisition price and related expenses for the acquisition of the 12 domestic hotels described in “(d) Overview of Acquisition of Assets” with the equity financing described in the said (i).

Furthermore, INV borrowed Term Loan (022) on October 11, 2024 (total amount borrowed: JPY 1,250 million; interest rate: floating interest rate of 1-month JPY TIBOR plus 0.65000% for a duration of 6.5 years) from Mizuho Bank, Ltd., Term Loan (023) (total amount borrowed: JPY 1,250 million; interest rate: floating interest rate of 1-month JPY TIBOR plus 0.65000% for a duration of 6.5 years) from Sumitomo Mitsui Banking Corporation, and Term Loan (024) (total amount borrowed: JPY 1,060 million; interest rate: floating interest rate of 1-month JPY TIBOR plus 0.65000% for a duration of 6.5 years) from Sumitomo Mitsui Trust Bank,

Limited in order to repay New Syndicate Loan (H) in the amount of JPY 3,560 million due on October 11, 2024.

(b) Prepayment of Loan

INV prepaid its bridge loan of New Syndicate Loan (015) (in the amount of JPY 1,500 million; for a duration of one year) on September 30, 2024, with a portion of funds procured from the issuance of Twelfth Series Unsecured Investment Corporation Bonds as described in “(iii) Issuance of Investment Corporation Bonds” below on September 12, 2024.

(c) Issuance of Investment Corporation Bonds

INV issued investment corporation bonds as follows for the purpose of raising a portion of funds for repayment of existing borrowings while at the same time lengthening the average maturity period of its debt and further diversifying repayment dates for interest-bearing debt.

Bond Series	Issue Date	Issue Amount (JPY million)	Interest Rate (annual rate)	Redemption Date	Abstract
Twelfth Series Unsecured Investment Corporation Bonds (with pari passu conditions among specified corporate bonds)	September 12, 2024	4,200	1.300%	September 12, 2029	Unsecured / Unguaranteed Rating: A+ (JCR)

(Note 1) Acquisition Price does not include adjustments for property taxes, city planning taxes, or national or local consumption taxes. Hereinafter the same shall apply.

(Note 2) Appraisal Value is based on appraisal value stated in the appraisal report by the Japan Real Estate Institute., JLL Morii Valuation & Advisory K.K., The Tanizawa Sōgō Appraisal Co., Ltd. or Daiwa Real Estate Appraisal Co., Ltd. on the valuation date of June 1, 2024.

(e) Overview of Results of Operations and Distributions

As a result of the operations mentioned above, operating revenues for the Reporting Period increased by JPY 4,419 million from the previous period (+20.9 %) to JPY 25,555 million, resulting in a net income of JPY 15,138 million, an increase of JPY 2,237 million from the previous period (+17.3%). Unappropriated retained earnings including the retained earnings carried forward from the preceding fiscal period (JPY 8,627 million) is JPY 23,765 million. INV has decided to set the distribution per unit (excluding excess profit distribution) of JPY 1,982, which is the net income per unit (JPY 1,980) plus the reversal of retained earnings (JPY 3 per unit).

### 3 Changes in Total Number of Investment Units Issued and Outstanding

Changes in the number of investment units issued and outstanding and unitholders' capital for the past five years up to the end of the Reporting Period are as follows.

Date	Type of issue	Total number of investment units issued		Unitholders' capital (JPY)		Reference
		Increase	Total	Increase	Total	
July 31, 2023	Public offering	609,792	6,706,632	32,761,684,992	268,463,197,161	(Note 1)

## 5 Future operational policy and issues to be addressed

Outlook for the Fiscal Period Ending June 30, 2025

The Japanese economy has been gradually recovering and is expected to continue to grow steadily, mainly driven by domestic demand. Against the backdrop of strong corporate earnings, consideration of high prices, and a serious labor shortage, personal consumption is expected to recover moderately due to a recovery in real wages and an easing of household saving habits as a high rate of wage increases is expected in the labor negotiations (Shunto). Furthermore, the increase in the inflation rate in Japan is expected to slow down as upward pressure on import prices has been settling down. Corporate capital investment is also expected to continue to expand with digitalization, decarbonization, and enhancement of supply chain resilience, as well as actions to address labor shortages. In addition to the recovery in domestic demand, the economy is expected to benefit from the continued growth in inbound demand. On the other hand, there are various uncertainties such as the direction of U.S. trade policy under the second Trump administration, concerns about the rekindling of trade friction between the United States and China, and the increase in geopolitical risks. Concerns about an economic slowdown may grow if negative factors such as a decline in exports along with a slowdown in overseas economies emerge.

In the hotel market, demand in both the domestic/inbound and leisure/business segments is expected to remain robust.

In the rental housing market, the trend of population outflow from urban areas caused by the impact of the COVID-19 pandemic has turned to a trend of population inflow again, and demand in rental apartments has been increasing with the tightening of supply in condominiums due to high land prices and the increase in construction costs. These factors are expected to lead to higher occupancy rates and higher unit rents in the future.

### (a) Future operational policy and issues to be addressed

Since July 2011, INV has focused on improving the profitability of its portfolio and strengthening its financial base in order to enhance unitholder value with the Fortress Group as its sponsor. In addition to access to Fortress' global real estate expertise, INV will actively promote efforts to acquire new demand under the environment of "Post-Corona" and flexibly respond to changes in the external environment while emphasizing customer safety and security. Going forward, INV will continue to implement various strategies for further growth and financial stability, including the following measures.

- Further external growth utilizing sponsor support
- Asset recycling: property acquisitions using the proceeds from sales
- Internal growth at hotels through reducing costs, stimulating existing demand and creating new demand by collaborating with hotel operators
- Further internal growth at residential properties
- Response to the risk of rising interest rates

Details of the future growth strategy are as follows.

### (i) External growth strategy

#### New Property Acquisitions

As its basic strategy, INV had moved forward with the acquisition of new properties focusing on hotels, where continued growth in portfolio revenues would be anticipated, and residential properties, especially where rental growth could be achieved, to build a portfolio with a good balance between growth and stability.

In regard to hotels, INV will take into consideration demands of business and leisure customers in nearby areas, and leasing contract types when making investment decisions, with the aim of acquiring properties where growth and stability of GOP and rental revenue are forecasted to increase.

In regard to residential properties, INV will analyze occupancy rates, rental market trends, the presence of competing properties among other factors, and consider acquiring properties with strong competitiveness, in which it believes it can achieve increases in rent.

Properties Acquired from affiliates of the Fortress Group (as of the date of this document)

Year	Properties acquired	Total acquisition price
2012	24 residential properties (Note 1)	JPY 14,043 million (Note 1)
2014	20 hotels	JPY 45,373 million
2015	14 hotels and three residential properties (Note 2)	JPY 45,238 million (Note 2)
2016	11 hotels and two residential properties	JPY 92,804 million
2017	six hotels and two residential properties (Note 3)	JPY 90,006 million (Note 3)
2018	12 hotels (Note 4)	JPY 104,280 million (Note 4)
2019	18 hotels	JPY 82,646 million
2020	Two hotels	JPY 16,236 million
2023	Six hotels	JPY 57,230 million
2024	12 hotels	JPY 104,420 million
Total	132 properties (of which 101 are hotels and 31 are residential properties)	JPY 652,278 million (of which hotels: JPY 600,640 million; residential: JPY 51,638 million)

(Note 1) Of the properties acquired from affiliates of the Fortress Group, 15 residential properties have been sold.

(Note 2) Of the properties acquired from affiliates of the Fortress Group, one residential property has been sold.

(Note 3) Of the properties acquired from affiliates of the Fortress Group, one residential property has been sold. Sheraton Grande Tokyo Bay Hotel was acquired through a special purpose company, of which INV owns the preferred equity interest, and is counted as one property and INV's investment amount of the preferred equity interest is counted as the acquisition price of the preferred equity interest.

(Note 4) The Cayman Hotels acquired by the Cayman SPC, of which INV owned the TK interest, are counted as two properties and INV's investment amount of the TK interest is used as the acquisition price of the TK interest. After the Structure Change, INV currently has direct ownership of the Leasehold of the Cayman Hotels.

Property Sales

INV considers the possibility of portfolio optimization upon consideration of the portfolio sector composition, geographic distribution, and competitiveness of each property as appropriate.

(ii) Strategy for internal growth  
(Hotels)

Of the 102 domestic hotels (Note 1) owned by INV as of the end of the Reporting Period, 94 hotels use a variable rent scheme. In the variable rent scheme, in principle, INV receives all of the gross operating profit (GOP) after deducting payment of management fees for the hotel operator as rents. For 91 hotels of the 94 hotels, MHM and subsidiaries of MHM have implemented sophisticated revenue management initiatives seeking to maximize revenue through effectively capturing accommodation demand. As a result, INV can directly enjoy the hotel revenue upside through this variable rent scheme.

During the COVID-19 pandemic and post COVID-19 periods, the MHM Group has taken steps to reduce hotel operating expenses and recover revenues by reviewing its operational strategy. INV will continue to strive to minimize the impact of rising costs such as labor costs, utility costs and foodstuffs by means of a thorough review of staffing and work shifts, continuous efforts to reduce fixed costs, and strategies to maximize GOPPAR (GOP per the number of rooms available for sale).

For hotels, renovation of rooms and replacement of fixtures and fittings are indispensable to maintain and

increase revenues and operate stably in a planned manner.

(Note 1) Including Sheraton Grande Tokyo Bay Hotel (the preferred equity interest).

(Residential properties and others)

INV will continue to strengthen its collaborative ties with property managers and brokers to further boost occupancy rates and earning capabilities of its properties. With respect to INV's residential properties, INV will focus on increasing the occupancy rates and rents for both new lease contracts and lease renewals for all its properties as well as formulating net leasing cost reduction policies in order to continue maximizing profits. Further, the implementation of appropriate maintenance and repair plans is of the utmost importance in maintaining and enhancing the competitiveness and market value of the properties as well as ensuring high tenant satisfaction. Therefore, INV will continue to monitor current strategic plans with flexible implementation as it sees fit.

(iii) Financial strategy

INV will continue to extend the average interest-bearing debt repayment periods, diversify the loan maturity dates and diversify financing measures while paying attention to fund procurement costs, as well as maintaining an appropriate fixed interest rate ratio to mitigate the risk of rising interest rates.

In addition, INV will seek to improve the credit rating (the long-term issuer rating "A+" (Outlook: Stable)) obtained from Japan Credit Rating Agency, Ltd. (JCR) by proceeding with these measures.

(iv) Compliance risk management

While the executive director of INV concurrently serves as the representative director at CIM, two supervisory directors (an external attorney and an external certified public account) oversee the execution of the executive director's duties via the Board of Directors of INV.

CIM has a compliance officer who is responsible for compliance with laws, regulations and other relevant matters as well as overall management of transactions with sponsor related parties. Moreover, it has in place a compliance committee which, chaired by such compliance officer, is in charge of deliberating on compliance with laws, regulations and other relevant matters as well as transactions with sponsor related parties. Compliance committee meetings are attended by an outside expert (an attorney) who, sitting in as a compliance committee member, conducts rigorous deliberations on the existence of conflicts of interest in transactions with sponsor related parties as well as strict examinations with respect to INV's compliance with laws and regulations. No resolution will be adopted unless the outside expert agrees.

When INV conducts certain transactions such as asset acquisition from sponsor related parties, prior approvals by the Board of Directors of INV are required to ensure an objectivity in deliberation regarding conflicts of interests. In such agenda, only two supervisory directors (a lawyer and a certified public accountant) will participate in the vote, and the executive director who concurrently serves as the representative director of CIM will not participate in the vote as he is a special interested party.

INV intends to continually take steps to strengthen its compliance structure.

(v) Initiatives for Sustainability

INV and CIM recognize the importance of environmental, social, and governance (ESG) considerations in real estate investment management from the viewpoint of sustainability such as economic and social development and contributing to global environmental conservation, and regard improvement of sustainability as an important management issue. INV and CIM believe that the incorporation of ESG considerations into the real estate investment management business, which is our primary business, is essential to maximizing unitholder value over the medium to long term and contributes to maximizing INV's investment returns.

Thus, INV and CIM have established a "Sustainability Policy" to set basic policies for sustainability and put them into practice in our daily operations.

Under this policy, CIM has formulated the "Energy Conservation Policy", the "Greenhouse Gas Emissions Reduction Policy", the "Water Saving Policy" and the "Waste Management Policy" which stipulate efforts to reduce environmental impact as initiatives for environment. In addition, CIM has established the

“Sustainable Procurement Policy” in order to promote initiatives for ESG throughout the value chain of INV’s real estate portfolio and concluded the “Green Lease” contract with tenants to collaborate with tenants on measures related to the environmental consideration of real estate, such as proactive introductions of energy-saving equipment such as LED lighting.

Furthermore, as of the date of this document, INV acquired CASBEE Certification for Buildings (Existing Buildings) for two hotels, and Certification for CASBEE for Real Estate for two residential properties. CASBEE is a method that comprehensively assesses the quality of a building, and evaluates features such as interior comfort and scenic aesthetics, in consideration of environment practices including use of materials and equipment that save energy or achieve smaller environmental loads. Also, as of the date of this document, 19 hotels owned by INV acquired the certification of Building-Housing Energy-efficiency Labeling System (“BELS”). In particular, Hotel MyStays Premier Akasaka, Hotel MyStays Fukuoka Tenjin, Hotel MyStays Yokohama Kannai Hotel MyStays Oita, Hotel MyStays Haneda and Hotel MyStays Matsuyama have been rated five stars “★★★★★” due to high energy conservation performance.

In addition to the acquisition of environmental certifications for its properties, INV issued green bonds in total amount of JPY 3,500 million and executed refinancing with green loans in total amount of JPY 22,456 million as of the date of this document to further promote its sustainability initiatives and to strengthen its fund-raising base by expanding the investor base interested in ESG investment.

As initiatives for society, CIM is working on various measures for tenants, CIM’s officers, and employees. CIM conducts the “Tenant Satisfaction Survey” for residents of INV’s residential properties to collect opinions and requests of residents and utilize them for asset management, and provides sustainability-focused training for all officers and employees at least once a year to help officers and employees acquire knowledge and raise awareness of sustainability considerations in line with business practices. Moreover, as initiatives for CIM’s employees, CIM executes various initiatives such as the establishment of a DEI (Diversity, Equity and Inclusion) policy to nourish an inclusive organizational culture and to establish an inclusive value chain, as well as the introduction of a “Qualification Acquisition Support Program” to cover a certain amount of expenses required to acquire and maintain qualifications for employees to develop and maintain competitive human resources and support employees skill and productivity improvement. Furthermore, INV conducts an employee satisfaction survey once every three years with the aim of improving its working environment, and provides a full subsidy for a comprehensive medical checkup without age restrictions.

As a result of other sustainability promotion activities, INV received a “3-Star” rating for the second consecutive year in the 2024 GRESB Real Estate Assessment, an international benchmark assessment that measures ESG integration of real estate companies and funds on a five-level rating scale, and an “A level” in the GRESB Public Disclosure assessment, the highest rating for the fourth consecutive year.

INV will continue to recognize its social responsibility to the environment and local communities as a J-REIT with hotels and residences as our core assets, and will proactively implement ESG-friendly investment management and sustainability initiatives that take advantage of asset characteristics and carry out social contribution activities.

(Note 1) "Greater Tokyo area" refers to Tokyo, Kanagawa, Chiba and Saitama.

(Note 2) "Amount held" is from the balance sheet as of the end of the Reporting Period (book value after depreciation for real estate, leasehold and real estate in trust). The amounts held for hotels are calculated by including book value of accompanying FF&E, in principle.

(Note 3) While Hotel MyStays Haneda is held as trust beneficiary interests, part of accompanying FF&E is held in kind, which falls under this category.

(Note 4) The Leasehold of the Cayman Hotels falls under the category of "Real estate" for "Overseas." The leasehold interests are the rights equivalent to long-term real estate leasehold rights for buildings and land under the laws of the Cayman Islands (Term: 99 years; annual lease payment: USD 1 or KYD 1). INV implemented an investment structure change regarding "Westin Grand Cayman Seven Mile Beach Resort & Spa" and "Sunshine Suites Resort" on May 9, 2019 (Cayman Island local time), a change from making investments based on the TK agreement to directly owning the Leasehold of the Cayman Hotels, which are the underlying assets of the TK interest.

(Note 5) Preferred equity interest issued by Kingdom Special Purpose Company, with the Sheraton Grande Tokyo Bay Hotel as an underlying asset (asset in trust of trust beneficiary interest acquired by Kingdom Special Purpose Company, which is the real estate that serves as the main source of revenue for Kingdom Special Purpose Company).

(Note 6) The figures indicated in parenthesis under “Total assets” show the amounts related to owned real estate (excluding the amount of preferred equity securities owned).

(Note 1) "Location" is, in principle, based on the indicated address (jyukyohyoji), except that if the jyukyohyoji system has not been implemented for such property, the location is based on the land number (chiban).

(Note 2) Leasable areas of Westin Grand Cayman Seven Mile Beach Resort & Spa and Sunshine Suites Resort indicate the areas subject to management contract.

(Note 3) "Appraisal value as of the end of the Reporting Period" is the value appraised or researched by Asset Research and Development Inc., Japan Real Estate Institute, JLL Morii Valuation & Advisory K.K., The Tanizawa Sogo Appraisal Co., Ltd., Daiwa Real Estate Appraisal Co., Ltd. or CBRE, Inc., in accordance with the Articles of Incorporation of INV and the regulations of The Investment Trusts Association, Japan.

(Note 4) Individual trust beneficiary interests were integrated into three groups with other trust beneficiary interests when INV procured funds through debt financing backed by trust assets in July 2011. As a result of disposition of assets and detachment of trust beneficiary interest from an integrated trust account thereafter, the grouping of trust beneficiary interests at the end of the Reporting Period is as follows:

Group 1

Nisshin Palacestage Daitabashi, Growth Maison Shin-Yokohama, Belle Face Ueno-Okachimachi, Growth Maison Yoga, Shibuya-Honmachi Mansion, and Foros Nakamurabashi.

Group 2

College Square Machida, Belair Meguro, and Wacore Tsunashima I.

Group 3

Suncrest Shakujii-Koen, Grand Rire Kameido, Acseeds Tower Kawaguchi-Namiki, Growth Maison Kaijin, and College Square Machiya.

(Note 5) "Appraisal value as of the end of the Reporting Period" indicates appraisal value calculated deeming the owned portion and the floor expansion portion as one.

(Note 6) "Appraisal value as of the end of the Reporting Period" indicates appraisal value calculated deeming the owned portion and the adjacent land portion as one.

(Note 7) "Appraisal value as of the end of the Reporting Period" is converted into JPY using the exchange rate of USD 1 = JPY 158.18, which is the exchange rate on the closing date of the fiscal period (December 31, 2024).

Trends for the leasing operations of the properties owned by INV are as below.

Name of property		42nd fiscal period (January 1, 2024 to June 30, 2024)				43rd fiscal period (July 1, 2024 to December 31, 2024)

(Note 2) "Occupancy rate" and "Ratio of management contract revenue" are rounded to one decimal place.

(Note 3) "Management contract revenue" is converted to JPY using the exchange rate at the time of the transaction.

#### 4 Asset Portfolio of Facilities Generating Renewable Energy, etc.

Not applicable

#### 5 Asset Portfolio Including Rights to Operate Public Facilities, etc.

Not applicable

#### 6 Asset Portfolio of Securities

The portfolio of the securities held by INV at the end of the Reporting Period is as below.

Name	Type	Quantity (units)	Book value (JPY million)		Fair value (JPY million)		Valuation gain or loss (JPY million)	Notes
			Unit price	Amount	Unit price	Amount		
Preferred equity securities in Kingdom Special Purpose Company	Preferred equity securities	178,458	-	17,856	-	30,167	12,311	(Note 1) (Note 2)
Total			-	17,856	-	30,167	12,311	

(Note 1) Book value of the preferred equity securities that is classified as investment in affiliates indicates the acquisition cost.

(Note 2) INV owns 178,458 units of preferred equity securities issued by Kingdom Special Purpose Company (equivalent to 49.0% of preferred equity securities issued and outstanding after the issuance of the said preferred equity securities), with the Sheraton Grande Tokyo Bay Hotel as an underlying asset.

#### 7 Status of Contract Amount and Fair Value of Specified Transaction

As of the end of the Reporting Period, the contract amount and fair value of the outstanding transaction under the specified transaction account of INV are as follows.

(Unit: JPY thousand)

Category	Transaction type, etc.	Contract amount (Note 1)		Fair value (Note 2)
			Amounts due after one year	
Non-market transaction	Interest rate swap Receive floating rate/pay fixed rate	179,016,000	171,314,000	997,866
	Foreign Exchange Forward, Short USD	5,118,108	952,248	-459,389

(Note 1) The contract amount, etc. for interest rate swap are stated based on a notional principal.

(Note 2) Estimation method for fair value

Interest rate swap: Estimated based on the price, etc. presented by the correspondent financial institutions.

Foreign Exchange Forward: Indicates fair values of option fees, etc. presented by the correspondent financial institutions.

#### 8 Status of Other Assets

Real estate and trust beneficiary interests in real estate are listed together in "3 Asset Portfolio of Real Estate, etc." above. As of the end of the Reporting Period, there are no investments in specified assets that are significant investment targets for INV outside of 3 and 6 above.

## 9 Assets Owned Outside of Japan or the Region

Assets owned outside of Japan or the region held by INV at the end of the Reporting Period are as below.

Country name	Amount held (JPY million) (Note 1)	Appraisal value as of the end of the Reporting Period (JPY million) (Note 2)		No. of properties (properties)
			Percentage of total assets (%)	
Japan	581,391	700,838	89.2	144
The Cayman Islands	32,248	84,499	10.8	2
Total	613,640	785,338	100.0	146

(Note 1) "Amount held" is from the balance sheet (book value after depreciation for real estate and trust beneficiary interest in real estate; and book value for preferred equity securities with real estate as underlying assets) as of the end of the Reporting Period.

(Note 2) "Appraisal value as of the end of the Reporting Period" indicates the real estate appraisal value as of the end of the Reporting Period, or the research value stated in the real estate research report and the appraisal value of investment securities. "Appraisal value as of the end of the Reporting Period" for preferred equity securities which INV holds in Japan indicates acquisition cost since their fair value is deemed extremely difficult to value. "Appraisal value as of the end of the Reporting Period" for assets which INV holds in the Cayman Islands indicates the amount converted to JPY using the exchange rate of USD 1 = JPY 158.18, which is the exchange rate on the closing date of the fiscal period (December 31, 2024).

#### (1) General Meeting of Unitholders

INV's General Meeting of Unitholders was held on December 19, 2024.

The summary of the matters approved at the General Meeting of Unitholders are as follows.

Agenda		Summary
Proposal No. 1	Partial Amendment to Articles of Incorporation	<ol style="list-style-type: none"> <li>1. In light of the fact that the total number of investment units issued and outstanding is approaching the total number of investment units authorized to be issued, the total number of investment units authorized to be issued is to be increased in advance in case the total number of investment units issued and outstanding further increases as a result of future issuance of new investment units.</li> <li>2. The minutes of general unitholders meetings and the minutes of the board of directors' meetings will be made available as electromagnetic records, and the minutes of the board of directors' meetings will be made available for electronic signatures, for the purpose of streamlining and improving administrative efficiency, and establishing a flexible management system.</li> <li>3. With the consent of Consonant Investment Management Co., Ltd, the asset management company (the "Asset Manager"), the asset management fees for the period from January 2013 to December 2024 have been reduced. The Investment Corporation has further obtained the consent of the Asset Manager to reduce the amount of asset management fees for the period from January 2025 to December 2025 to an amount which is lower than the amount that would be applicable if such reduction were not made, but higher than the amount that was applied for the period from January 2024 to December 2024 so that the amount of asset management fees are appropriate considering the expansion of the Investment Corporation's asset size, profit level and other factors resulting from its internal and external growth. Accordingly, the Investment Corporation amended the standards concerning the amount and payment of the asset management fees for the period from January 2025 to December 2025.</li> <li>4. The change is intended to clarify the scope of assets subject to acquisition fees paid by the Investment Corporation to its asset manager.</li> <li>5. The change is intended to clarify the scope of assets subject to disposition fees and the payment terms of disposition fees. The Investment Corporation invests in the specified assets stipulated in Article 11 of the current Articles of Incorporation. In the event that the Investment Corporation disposes the specified assets, works that its asset manager conducts are not limited to those relevant to the disposition of the specified assets, but might involve those relevant to the disposition of the assets underlying the specified assets (hereinafter referred to as "Underlying Assets") and the assets invested accompanying or in conjunction with the specified assets (hereinafter referred to as "Relevant Assets"). As such, income to the Investment Corporation is generated by the disposition not only of the</li> </ol>

		<p>specified assets but also of the Underlying Assets or the Relevant Assets. Thus, the change is to stipulate that not only the principal amount of the investment but also the income from the disposition of the Underlying Assets or the Relevant Assets are included in the amount subject to the calculation of the disposition fees.</p> <p>6. The change is to stipulate that, in the event of a merger between the Investment Corporation and another investment corporation, where its asset manager conducts services such as investigation and evaluation of the assets held by such other investment corporation, the Investment Corporation pays its asset manager a merger fee calculated based on the appraisal value of the real estate and the real estate-backed securities held by such other investment corporation.</p> <p>7. In addition to the above, there will be some formal changes such as corrections of wording and clarification of references to provisions.</p>
Proposal No. 2	Appointment of One (1) Executive Director	Naoki Fukuda was appointed.
Proposal No. 3	Appointment of Two (2) Substitute Executive Director	Naoto Ichiki and Christopher Reed were appointed.
Proposal No. 4	Appointment of Two (2) Supervisory Directors	Hiroyuki Fujimoto and Marika Nagasawa were appointed.

## Financial Conditions

INV borrowed JPY 56.7 billion with a weighted average loan term of 5.9 years for the acquisition of 12 hotels in July 2024, lengthening the average remaining duration of interest-bearing-debt from 2.7 years (as of the end of the previous period) to 3.4 years (as of February 26, 2025), diversifying the repayment dates. In addition, INV hedged the risk of interest rate fluctuation with interest rate swaps and borrowings with fixed interest rates. The fixed interest rate ratio of INV's overall interest-bearing debt increased from 48.7% after the borrowing for the property acquisition in July 2024 to 62.7% as of February 26, 2025.

Rating Agency	Rating Object	Rating	Outlook
Japan Credit Rating Agency, Ltd.	Long-term Issuer Rating	A+	Stable

(Note 2) LTV at the end of fiscal period is calculated by the following formula: (Interest-bearing debts at the end of the relevant fiscal period, excluding short-term consumption tax loan) / (Total appraisal value as of the end of the same period). For the preferred equity interest in the TMK which holds Sheraton Grande Tokyo Bay Hotel as an underlying asset, the acquisition price (INV's investment amount) of such preferred equity interest is deemed as the appraisal value and included. For the Overseas Real Estate TK Interest the underlying assets of which are "The Westin Grand Cayman Seven Mile Beach Resort & Spa" and "Sunshine Suites Resort", the acquisition price (INV's TK investment amount) of such TK interest is deemed as the appraisal value and included regarding the calculation for "Dec. 2018". Regarding "Jun. 2019" onward, calculation is based on the appraisal value as of the end of each fiscal period. USD is converted into JPY amount via the forward exchange rate of USD 1=JPY 110.45 based on the foreign exchange forward contract entered into on July 26, 2018.

### **Dividends**

Unitholders may collect "dividends" by submitting the "Dividends Receipt" at your local Japan Post Bank or at the deposit teller of a post office. In the case that the collection period has past, designate a collection method on the back of the "Dividends Receipt," and either mail the receipt to the Transfer Agent Department of the Sumitomo Mitsui Trust Bank, Limited or collect from a branch teller.

(Bank Transfers)

Should you desire to specify bank transfers for future dividends, please notify your brokerage (financial instruments business operator).

(Note) Please collect dividends within three years of distribution. Please note that payments cannot be made after three years due to the rules and regulations of the Articles of Incorporation of the Investment Corporation.

## ■ Notification

(Notice of Dividend Payment)

The 2008 amendment of the Special Taxation Measures Law (Act No. 23 of April 30, 2008) mandated the sending to unitholders a "Notice of Dividend Payment" stating the dividend amount, amount of taxes withheld, and the like for dividends payable in and after January 2009. If you collect dividends via a "Dividends Receipt," please view the "Notice of Dividend Payment" sent alongside it. If you have specified a wire transfer, the "Dividend Statement" delivered with the dividend payment is the "Notice of Dividend Payment."

(Characters for Addresses and Names of Unitholders)

With the digitization of investment securities, if there are Chinese characters in your address or names that the Japan Securities Depository Center (JASDEC) has not included in the transfer system, JASDEC registers them in the Investors' Registry by converting part or all of the characters to those that JASDEC has included in the transfer system or to katakana. Please be aware that correspondence may be addressed using characters that JASDEC has included in the transfer system. Please inquire with your brokerage regarding characters registered for your address and name.
