## 2. Reasons for Acquisitions

INV will acquire Two Properties, Hotel MyStays Kanazawa and Takamatsu Tokyu REI Hotel from the affiliates of the Sponsor, Fortress Investment Group LLC (“FIG”), by using excess cash after an equity offering. This transaction marks INV’s third portfolio acquisition in 2016 and is consistent with INV’s external growth strategy to acquire assets which contribute to revenue growth and further stability via both variable rent and fixed rent contracts, backed by the Sponsor’s strong support. Following this transaction, hotels with variable rent contracts will represent 93.8% of the hotel portfolio and hotels on fixed rent contracts will represent 6.2% of the hotel portfolio<sup>1</sup>.

It is expected that the appraisal NOI yield of the Two Properties and the anticipated portfolio (124 properties after the acquisition of Two Properties) will be at 5.4% and 6.6% respectively.

Hotel MyStays Kanazawa is managed by MyStays Hotel Management Co., Ltd. (“MHM”), and will be the 35th hotel that MHM manages for INV out of a total of 48 hotels following this acquisition. MHM is an experienced hotel operator affiliated with the Sponsor, operating 69 properties and 10,162 rooms as of June 1, 2016, providing extensive experience in hotel and revenue management. Hotel MyStays Kanazawa is a limited service hotel completed in October 2014 with large rooms of 32-35 square meters and is ranked #1 hotel in Kanazawa by Trip Advisor out of 98 hotels and ryokans in Kanazawa; Trip Advisor is the world’s largest travel site. Kanazawa is the capital city of Ishikawa prefecture, a coastal city on the Sea of Japan that serves as the core business center in the region, attracting stable demand from domestic business customers. The city is also recognized for its many historical attractions and has one of Japan’s three best landscape gardens, Kenrokuen, which attracts both domestic and foreign visitors. In addition, a new bullet train line connecting Tokyo to Kanazawa opened in March 2015, providing improved access from Tokyo, helping to increase the number of both domestic and foreign visitors. For the period from January to April 2016, the hotel occupancy increased 27.3 points over the same period in 2015 from 67.1% to 94.4%, the hotel ADR (average daily rate) has increased 5.9% from ¥8,895 to ¥9,417 and Net Operating Income increased by 65.1% from ¥91 million to ¥150 million. Foreign guests comprised 16.5% of rooms sold in 2015, and account for 26.0% in the January to April 2016 period.

The Takamatsu Tokyu REI Hotel is a limited service hotel and leased to Tokyu Hotels, a reputable hotel operator and subsidiary of Tokyu Railways, as well as 2 other tenants. 19 of the 191 rooms were renovated by the tenant in January 2016. Takamatsu is the largest city in Kagawa prefecture with a population of approximately 420,000. The hotel receives stable demand from business and leisure travelers and is a convenient seven minute walk from JR Takamatsu Station.

### 3. Execution of Lease Contracts

In regards to the Hotel MyStays Kanazawa, INV will enter into a lease agreement with MHM that provides components of both fixed and variable rents; containing a significant variable rent component based on gross operating profit, or GOP. INV will be able to take advantage of the potential growth in GOP, which could boost INV's profits while the limited service hotel, which account for most of the INV-owned hotel properties, exhibit relatively high profit margins compared with full-service hotel. In the case where GOP enters into a downward trend, INV could take advantage from the fixed rent portion or downside floor to protect itself from further loss.

The lease agreement between INV and Tokyu Hotels is a fixed rent contract, adding to INV's stable cash flow.

- “Taxes and Public Dues,” which include property tax and city planning tax, are generally imposed on the owner on January 1 of each year. For property tax and city planning tax that were borne by the current owner or previous owner at the time of INV’s acquisition of the assets, the estimated amount is included in the acquisition price, and is therefore not included in “Taxes and Public Dues.”

- “RevPAR”, or Revenues Per Available Room, is calculated by dividing the total sales for a certain period by the aggregate number of rooms for the same period (rooms x number of days), and is the same figure as that of a product of room occupancy rate and ADR.
- “Room Occupancy Rate” is calculated using the following formula:

room occupancy rate = total number of rooms occupied during the relevant period ÷ (aggregate number of rooms during the relevant period x number of business days during target period)

- “GOP Ratio” is calculated using the following formula:

GOP ratio = GOP ÷ sales figure

## 6. Transactions with Interested Persons etc.

The sellers of the Two Properties, namely Ginga TMK and Wakusei TMK, are not Sponsor-related persons<sup>1</sup> under the voluntary rules specified by CIM as countermeasures against conflicts of interests in the management of INV's investments. However, such sellers have indirectly received investments through funds managed by affiliates of FIG, an affiliate of Calliope, CIM's parent company, and thus a Sponsor-related person. Therefore, CIM treats the sellers as persons equivalent to sponsor-related persons.

The Two Properties are to be acquired at prices not exceeding their appraisal value in accordance with Sponsor-Related Person Transaction Rules and Sponsor-Related Person Transaction Management Manual, which are internal rules of CIM, and after deliberation and resolution of the compliance committee meeting held on June 13, 2016 and the investment committee meeting held on the same day, the board of directors of CIM approved the acquisitions at the meeting held on June 13, 2016, and the board of directors of INV approved the acquisitions at the meeting held on June 13, 2016.

In addition, MHM, the tenant/operator of the Hotel Mystays Kanazawa is not a Sponsor-related person<sup>1</sup> under the voluntary rules specified by CIM as countermeasures against conflicts of interests in the management of INV's investments. However, MHM has indirectly received investments through funds managed by affiliates of FIG, which is an affiliate of Calliope (Calliope is CIM's parent company, and thus a Sponsor-related person). Therefore, CIM treats, MHM as a person equivalent to a Sponsor-related person.

In accordance with Sponsor-Related Person Transaction Rules and Sponsor-Related Person Transaction Management Manual of CIM and following the deliberation and resolution of the compliance committee meeting and the investment committee meeting both held on June 13, 2016, the boards of directors of CIM and INV each approved the lease agreements expected to be entered into with MHM at meeting both held June 13, 2016, subject to hotel operating capability of MHM being confirmed as sufficient through a third party report and other relevant information, the rent level being reasonable considering the market level, and management services fee amount and structure being fair compared with similar properties.

Therefore, INV considers MHM, as conforming to the tenant selection policy, which was stated in the "Report on Management Structure and System of the Issuer of Real Estate Investment Trust Units and Related Parties" submitted on March 30, 2016.

(Note 1) A Sponsor-related Person is (i) any person who falls under the "Interested Persons, etc." set forth in the Investment Trust Act and the Enforcement Order of the Investment Trust Act, (ii) all shareholders of CIM and (iii) special purpose companies (tokubetsu mokuteki kaisha) (a) which delegate their management to persons who fall under (ii) above, or (b) which are invested by or invested in anonymous partnership (tokumei kumiai) by persons who fall under (ii) above.
