Disclaimers

This document has been prepared solely for the purpose of providing U.K. and Dutch investors with certain information under Article 23 of the European Alternative Investment Fund Managers Directive (European Directive 2011/61/EU) (the "AIFMD") as implemented in their respective jurisdictions. Accordingly, you should not use this document for any other purpose.

Prohibition of Sales to EEA and United Kingdom Retail Investors

In addition to the restrictions under the AIFMD, the units of Invincible Investment Corporation ("INV" or the "AIF") are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the "EEA") or the United Kingdom. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU, as amended (the "MiFID II"); or (ii) a customer within the meaning of Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129, as amended, (the "Prospectus Regulation"). Consequently no key information document required by Regulation (EU) No 1286/2014, or the PRIIPs Regulation, for offering or selling the units of INV or otherwise making them available to retail investors in the EEA or the United Kingdom has been prepared and therefore offering or selling the units of INV, or otherwise making them available, to any retail investor in the EEA or the United Kingdom has been prepared and therefore offering or selling the units of INV, or otherwise making them available, to any retail investor in the EEA or the United Kingdom may be unlawful under the PRIIPs Regulation.

United Kingdom

The units of INV are being marketed in the United Kingdom pursuant to Article 59 of the United Kingdom Alternative Investment Fund Managers Regulations 2013. In accordance with this provision, the Consonant Investment Management Co., Ltd. (the "AIFM") has notified the Financial Conduct Authority (the "FCA") of its intention to offer these units in the United Kingdom. For the purposes of the United Kingdom Financial Services and Markets Act 2000 ("FSMA") INV is an unregulated collective investment scheme which has not been authorized by the FCA. Accordingly, any communications of an invitation or inducement to invest in INV may be made only to: (i) investment professionals falling within Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005, as amended, or "the Order"; or (ii) high net worth companies and other persons to whom it may lawfully be communicated, falling within Articles 49(2)(a) to (d) of the Order (all such persons referred to under (i) and (ii) of this paragraph, together being referred to as "Relevant Persons"). In the United Kingdom, this document and its contents are directed only at Relevant Persons and must not be acted on or relied on by persons who are not Relevant Persons. Any person who is not a Relevant Person may not act or rely on this document or any of its contents.

The transmission of this document and its contents in the United Kingdom to any person other than a Relevant Person is unauthorized and may contravene the FSMA and other United Kingdom securities laws and regulations.

European Economic Area and United Kingdom Investors

The AIFMD was adopted on June 8, 2011 and was required to be implemented by each Member State of the EEA into its national legislation by July 22, 2013. The units of INV may not be marketed (within the meaning given to the term "marketing" under the AIFMD), and the Communication may not be conducted, to prospective investors domiciled or with a registered office in any Member State of the EEA or the United Kingdom unless: (i) the units of INV may be marketed under any national private placement regime (including under the AIFMD) or other exemption in that Member State or the United Kingdom (as applicable); or (ii) the units of INV can otherwise be lawfully marketed or sold in that Member State or the United Kingdom (as applicable) in circumstances in which the AIFMD does not apply, provided that any such offer or sale is not made to a retail investor as described above. We have made a notification to each of the Netherlands Authority for the Financial Markets and the United Kingdom Financial Conduct Authority pursuant to Article 42 of the AIFMD in order to market the units of INV in the Netherlands and the United Kingdom, respectively.

Netherlands

The units of INV are being marketed in the Netherlands under Section 1:13b of the Netherlands Financial Supervision Act (*Wet op het financieel toezicht*, or the "Wft"). In accordance with this provision, AIFM has notified the Dutch Authority for the Financial Markets (Authoriteit Financiële Markten, the "AFM") of its intention to offer these units in the Netherlands. The units of INV will not, directly or indirectly, be offered, sold, transferred or delivered in the Netherlands, except to or by individuals or entities that are qualified investors (*gekwalificeerde beleggers*) within the meaning of Article 1:1 of the Wft. and as a consequence neither the AIFM nor INV is subject to the license requirement pursuant to the Wft. Consequently, the AIFM and INV are only subject to limited supervision of the AFM and the Netherlands Central Bank (De Nederlandsche Bank, "DNB") for the compliance with the ongoing regulatory requirements as referred to in the Netherlands law implementation of Article 42 of the AIFMD. This Article 23 AIFMD Prospectus is not subject to approval by the AFM. No approved prospectus is required to be published in the Netherlands pursuant to Article 3 of the Regulation (EU) 2017/1129 as amended and applicable in the Netherlands.

Article 23 (1)(a)		
Objectives of the AIF	INV seeks to achieve distribution growth and enhancement of unitholders' value	
	by building a balanced portfolio composed primarily of hotels, particularly limited	
	service hotels, and affordable residential properties, which together constitute	
	INV's "core assets". By achieving such balance, INV seeks to optimize the mix	
	of stability associated with residential properties and growth opportunities	
	arising from investments in hotels.	
Investment strategy	In addition to investing in and growing a balanced portfolio composed primarily	
	of hotels and affordable residential properties, INV seeks to:	
	utilize resources and pipeline support of Fortress Investment Group	
	LLC and its affiliates (collectively, the "Fortress Group", which	
	sponsors INV and is part of the Softbank Group);	
	source attractive properties using Consonant Investment	
	Management Co., Ltd.'s (the "Asset Manager") information network;	
	and	
	utilize limited service operational expertise of MyStays Hotel	
	Management Co., Ltd. ("MyStays Hotel Management").	
Types of assets the	Real estate, including trust beneficiary interests in real estate, securities	
AIF may invest in	backed by real estate, specified assets and other assets, including any of the	
	foregoing assets governed by foreign laws and regulations, as well as equity	
	interests in corporations holding overseas real estate.	
Techniques it may	INV invests primarily in hotels and affordable residential properties, while also	
employ and all	making investments in select office buildings, retail properties and parking	
associated risks	facilities, to achieve distribution growth and enhancement of unitholders'	
	value.	
	The principal risks with respect to investment in INV are as follows:	
	Property and Business Risks	
	Any adverse conditions in the Japanese economy could adversely affect	
	INV's properties.	
	An epidemic such as SARS, MERS and COVID-19 may have a	
	significant long-term adverse impact on economic activities, including as	
	a result of self-isolation measures, which in turn may adversely affect the	
	operators' profitability, performance of INV's portfolio and market price of	
	its units.	

- INV may not be able to acquire properties to execute its growth and investment strategy in a manner that is accretive to earnings.
- INV's reliance on Fortress Group could have a material adverse effect on its business.
- INV's investment in the Cayman Islands hotels exposes it to risks
 inherent in investment in overseas properties, including operational risks
 due to its limited experience in operating properties outside of Japan,
 exposure to the economic, market and environmental conditions in the
 Cayman Islands and foreign exchange risk.INV's strategy to acquire
 properties outside of Japan may expose it to additional risks.
- As a large portion of INV's hotels are subject to a variable rent structure, its results of operations are inherently more volatile than the results of properties with fixed-lease arrangements, and INV may not be able to effectively manage its hotel portfolio due to its relatively limited operating history in owning full service hotels and resort hotels that it may decide to acquire in greater numbers in the future.
- INV may not close its anticipated or other future property acquisitions.
- Increases in prevailing market interest rates, particularly following the Bank of Japan's announcement of a major new policy for monetary easing, would increase INV's interest expense and may result in a decline in the market price of its units.
- The relatively high geographic concentration of INV's real estate portfolio in the greater Tokyo area and other major cities could have a material adverse effect on its business.
- Competition for tenants and hotel guests may adversely affect INV's ability to retain its current tenants and find new tenants, and to maintain occupancy rates and revenue.
- INV's domestic hotels are subject to the operating risks common to the hospitality industry, which have a direct effect on the variable rent component of its portfolio's revenue.
- The cyclical and seasonal nature of the hospitality industry may cause fluctuations in INV's operating performance, which could have a material adverse effect on it and its variable rent revenues.
- INV may incur unexpected expenses, expenditure or other losses for repair or maintenance of its properties, and its hotels require periodic capital reinvestment for renovation.

- The majority of INV's hotels are leased to MyStays Hotel Management or its subsidiaries which are owned by Fortress Group-managed funds, and subject to the risk of default under their hotel lease agreements.
- INV's focus on residential properties could have a material adverse effect on its business.
- INV may lose rental revenues in the event of defaults by end-tenants under their lease agreements for properties other than hotels.
- Master leases may give rise to certain risks.
- INV may suffer large losses if any of its properties incur damage from a natural or man-made disaster or acts of violence.
- INV may be liable for an unforeseen loss, damage or injury suffered by a third party at its properties.
- Because most of INV's operating expenses are largely fixed, it may suffer adverse consequences if its rental revenues decline.
- INV may not be able to promptly acquire suitable properties or sell those
 in its portfolio on acceptable terms in response to changing economic,
 financial or investment conditions.
- Defects or problems relating to INV's properties, including nonconformity to agreements, may adversely affect its financial condition and results of operations.
- INV relies on expert appraisals and engineering, environmental and seismic reports, which are subject to significant uncertainties.
- The environmental assessments of INV's properties made prior to its
 ownership may not have uncovered all environmental liabilities, and
 Japanese laws and other overseas laws subject property owners to strict
 environmental liabilities.
- Decreases in tenant leasehold and/or security deposits would increase INV's funding costs.
- Any inability to obtain financing for future acquisitions, or any restrictions on INV's activities under its financing arrangements, could adversely affect INV.
- A high LTV ratio may increase INV's exposure to changes in interest rates and have a material adverse effect on its results of operations.
- INV may suffer impairment losses relating to its properties and may also suffer adverse tax effects upon recognizing impairments.
- The performance of Fortress Group is not an indicator or guarantee of

- INV's future results.
- INV's financial statements are prepared in accordance with Japanese GAAP, which differs in certain material respects from IFRS, U.S. GAAP and generally accepted accounting principles and financial reporting standards in other jurisdictions.
- INV relies on industry and market data that are subject to significant uncertainties.
- INV may be exposed to risks relating to investments in the operators or master lessees of its properties.

Management and Governance Risks

- INV's success depends on the performances of service providers to which it is required to assign various key functions.
- There are potential conflicts of interest between INV and certain Fortress
 Group affiliates or Fortress Group-related companies including the Asset
 Manager, MyStays Hotel Management.
- INV depends on the efforts of its executive director and key personnel of the Asset Manager.
- Unitholders have limited control over INV's policies.
- The Japanese regulatory authorities have tightened regulatory supervision of J-REITs and their asset managers and their corporate governance.
- If unitholders do not exercise their voting rights, INV may count their votes in favor of proposals at a general meeting of unitholders.

Taxation Risks

- INV's failure to satisfy a complex series of requirements pursuant to
 Japanese tax regulations would disqualify INV from certain taxation
 benefits and significantly reduce its distributions to its unitholders.
- If the Japanese tax authorities disagree with the interpretations INV used for prior periods, it may be forced to pay additional taxes for those periods.
- INV may not be able to benefit from reductions in certain real estate taxes enjoyed by qualified J-REITs.
- Changes in Japanese tax laws may significantly increase INV's tax burden.
- INV may be subject to taxes in countries other than Japan due to its investments outside of Japan and investors may not be able to take

- advantage of available credits associated with such taxes.
- INV's distributions may decrease due to reversals of allowance for temporary differences adjustment.
- INV expects to be treated as a "passive foreign investment company" for U.S. federal income tax purposes.
- Unitholders may become subject to U.S. Foreign Account Tax
 Compliance Act (FATCA) withholding tax.

Legal and Regulatory Risks

- INV's ownership rights in some of its properties may be declared invalid or limited.
- INV's may lose its rights in a property it owns if the purchase of the property is recharacterized as a secured financing.
- Acquisition of properties for which third parties hold leasehold interests in the land and own the buildings may subject INV to various risks.
- INV's leasehold interests may be terminated or may not be asserted against a third party in some cases, or its leases with its tenants could be modified.
- INV currently hold interests in Sheraton Grande Tokyo Bay Hotel through, and may make further investments in, preferred equities of a TMK (tokutei mokuteki kaisha), and illiquidity in the market for such equities may limit its ability to sell its interests, and INV is exposed to risks unique to this investment structure.
- INV may hold interests in some properties through Japanese anonymous association (tokumei kumiai) agreements.
- INV currently holds several properties in the form of compartmentalized ownership interests (*kubun shoyu-ken*) and its rights relating to such properties may be affected by the intentions of other owners
- INV may acquire properties in the form of co-ownership (kyoyu) and its
 rights relating to such properties may be affected by the intentions of
 other owners.
- Tax increases or adverse changes in applicable laws may affect INV's potential liabilities relating to its properties and operations.
- Compliance with energy conservation regulations in Japan may adversely affect INV's financial results.
- INV's costs of complying with regulations applicable to its properties could adversely affect its results of operations.

INV owns a substantial portion of its properties through trust beneficiary interests and may suffer losses as a trust beneficiary. The Alternative Investment Fund Managers Directive (AIFMD) may negatively affect INV's ability to market its units in the EEA and increase its compliance costs associated with the marketing of its units in the EEA. INV's assets may be deemed to constitute "plan assets" for ERISA purposes, which may lead to the rescission of certain transactions, tax or fiduciary liability and its being held in violation of ERISA requirements. Any applicable INV is subject to investment restrictions under Japanese laws and regulations investment restrictions (e.g., the Act on Investment Trusts and Investment Corporations (the "ITA"), the Financial Instruments and Exchange Act (the "FIEA")) as well as its articles of incorporation. INV must invest primarily in specified assets as defined in the ITA. Specified assets include, but are not limited to, securities, real estate, leaseholds of real estate, surface rights (chijō-ken) (i.e., right to use land for the purpose of having a structure on it) or trust beneficiary interests for securities or real estate, leaseholds of real estate or surface rights. Furthermore, a listed J-REIT must invest substantially all of its assets in real estate, real estate-related assets and liquid assets as provided by the listing requirements. Real estate in this context includes, but is not limited to, real estate, leaseholds of real estate, surface rights, and trust beneficiary interests for these assets, and real estate-related assets in this context include, but not limited to, anonymous association (tokumei kumiai) interests for investment in real estate. Pursuant to the ITA, investment corporations may not independently develop land for housing or to construct buildings, but may outsource such activities in certain circumstances. The investment by the AIF must be made in accordance with the basic investment policy as set out in its articles of incorporation. Circumstances in INV may take out loans or issue investment corporation bonds (including which the AIF may short-term corporation bonds) for the purpose of, among other things, use leverage acquiring assets, repair or distribution payments and acquiring operational funding or procuring funds for debt repayment, which are conducive to the efficient management of investment assets and the stability of management. The types and INV may take out loans or issue investment corporation bonds for financing its

courses of loverers	activities
sources of leverage	activities.
permitted and	INV currently has outstanding loans from major financial institutions, such as
associated risks	Mizuho Bank, Ltd., Sumitomo Mitsui Trust Bank, Limited, The Bank of Tokyo-
	Mitsubishi UFJ, Ltd. and Sumitomo Mitsui Banking Corporation.
	INV currently does not have any outstanding guarantees and may be subject
	to restrictive covenants in connection with any future indebtedness that may
	restrict the operations and limit the ability to make cash distributions to
	unitholders, to dispose of the properties or to acquire additional properties.
	Furthermore, INV may violate restrictive covenants contained in the loan
	agreements INV executes, such as the maintenance of debt service coverage
	or loan-to-value, or LTV, ratios, which may entitle the lenders to require INV to
	collateralize the properties or demand that the entire outstanding balance be
	paid. Further, in the event of an increase in interest rates, to the extent that
	INV has any debt with unhedged floating rates of interest or INV incurs new
	debt, interest payments may increase, which in turn could reduce the amount
	of cash available for distributions to unitholders. Higher interest rates may also
	limit the capacity for short- and long-term borrowings, which would in turn limit
	the ability to acquire properties, and could cause the market price of the units
	to decline.
Any restrictions on	The maximum amount of any borrowing and issuance of investment
leverage	corporation bonds is JPY 500 billion each, and the aggregate amount of all
	such debt must not exceed JPY 500 billion.

leverage which the	value) in order to operate with a stable financial condition. INV may, however,
AIFM is entitled to	temporarily exceed such level as a result of acquiring new investment assets.
employ on behalf of	
the AIF	
Article 23(1) (b)	
Procedure by which	INV's investment policy is set forth in its articles of incorporation. As a result,
the AIF may change	any change in its investment policy will require an amendment of its articles of
its investment strategy	incorporation. Amendment of the articles of incorporation requires a quorum of
/ investment policy	a majority of the total issued units and at least a two-thirds vote of the voting
	rights represented at the meeting. Unitholders should note, however, that

under the ITA and INV's articles of incorporation, unitholders who do not attend and exercise their voting rights at a general meeting of unitholders are deemed to be in agreement with proposals submitted at the meeting, except in cases where contrary proposals are also being submitted.

Additionally, the guidelines of the AIFM, which provide more detailed policies within INV's overall investment strategy and policy, can be modified without such formal amendment of the articles of incorporation.

Article 23(1) (c)

Description of the main legal implications of the contractual relationship entered into for the purpose of investment, including jurisdiction, applicable law, and the existence or not of any legal instruments providing for the recognition and enforcement of judgments in the territory where the AIF is established

INV is a corporate-type investment trust in the form of investment corporation (toshi hojin) provided for under the ITA. Therefore, the relationship between INV and its unitholders is governed by INV's articles of incorporation (as opposed to individual agreements), which can be amended from time to time upon resolution of a general unitholders' meeting. INV's articles of incorporation stipulate rules relating to general unitholders meetings, including the convocation, setting of record date, exercise of voting rights, resolutions and election of INV's directors.

The relationship between INV and its unitholders is also governed by, and is

subject to the provisions of, Japanese law, including the ITA.

The courts in Japan would recognize as a valid judgment any final and conclusive civil judgment for monetary claims (which, for this purpose, are limited to those of a purely civil nature and do not include monetary claims of the nature of criminal or administrative sanction, such as punitive damages, even though they take the form of civil claims) against INV obtained in a foreign court provided that (i) the jurisdiction of such foreign court is admitted under the laws of Japan, (ii) INV has received service of process for the commencement of the relevant proceedings, otherwise than by a public notice or any method comparable thereto, or has appeared without any reservation before such foreign court, (iii) neither such judgment nor the relevant proceeding is repugnant to public policy as applied in Japan, (iv) there exists reciprocity as to the recognition by such foreign court of a final judgment obtained in a Japanese court and (v) there is no conflicting judgement on the subject matter by any Japanese court.

The AIFM has entered into a sponsor support agreement with Fortress Investment Group Japan Godo Kaisha. INV has also entered into a memorandum of understanding with certain Fortress Group-related SPCs,

which provides INV with preferential negotiation rights to acquire certain properties.

All of the above agreements are governed by Japanese law.

INV is not involved in or threatened by any legal arbitration, administrative or other proceedings, the results of which might, individually or in the aggregate, be material.

Article 23(1) (d)

The identity of the
AIFM, AIF's
depositary, auditor
and any other service
providers and a
description of their
duties and the
investors' rights
thereto

 AIFM (Asset Manager) / General Administrator: Consonant Investment Management Co., Ltd.

The Asset Manager provides the services including asset management, financing, investor relations and financial reporting, and operational planning.

The General Administrator provides administrative services to us, including administration of unitholder meetings (excluding services related to distribution of documents for the unitholders' meeting and acceptance and tabulation of the voting ballots) and administration of board meetings.

- Auditor: Ernst & Young ShinNihon LLC
 The independent auditor audits financial statements and prepare audit reports.
- Asset Custodian / Unitholders' Register Administrative Agent / Special
 Accounts Administrator: Sumitomo Mitsui Trust Bank, Limited ("SMTB")
 The Asset Custodian provides custodial services to us, including custody of our assets.

The Unitholders' Register Administrative Agent provides administrative services to us, including creation, administration and custody of the unitholders' register and related documents.

The Special Accounts Administrator provides administrative services to us, including the preparation, management and custody of the transfer account book and other services in relation to the special accounts of pre-merger unitholders of LCP.

 Special Accounts Administrator: Mitsubishi UFJ Trust and Banking Corporation ("MUTB")

The Special Accounts Manager provides administrative services to us, including the preparation, management and custody of the transfer account register and collection, registration, custody, use, removal and

deletion of the individual number and other information in relation to the special accounts of pre-merger unitholders of us.

Accounting Administrator: SMTB

The Accounting Administrator provides administrative services to us, including administration of accounting matters, preparation of accounting books and tax-related services.

INV relies on Consonant Investment Management Co., Ltd. to manage its operations, to formulate and implement strategies to achieve its investment objectives and to administer unitholder meeting and board meetings. Ernst & Young ShinNihon LLC is INV's independent auditor and audits INV's financial statements. SMTB provides custodian services and certain administrative services to INV, including custody of its assets, creation of the unitholders' register and preparation of the transfer account book in relation to the special accounts of pre-merger unitholders of LCP Investment Corporation ("LCP"). MUTB provides certain administrative services to INV, including the custody of the transfer account register in relation to the special accounts of pre-merger unitholders of INV. SMTB provides certain administrative services to INV, including the administration of accounting matters and preparation of accounting books.

Service providers owe contractual obligations under their respective agreements with the AIF or the AIFM, as the case may be. In addition, the FIEA provides that the Asset Manager owes the AIF a fiduciary duty and must conduct its activities as the Asset Manager in good faith. The FIEA also prohibits the Asset Manager from engaging in certain specified conduct, including entering into transactions outside the ordinary course of business or with related parties of the Asset Manager that are contrary to or violate the AIF's interests. Pursuant to the ITA, the unitholders have the right to approve the execution or termination of the asset management agreement at a general meeting of unitholders.

The unitholders do not have any contractual relationship with INV's service providers and therefore will not be able to bring any contractual claims against a service provider.

needs and acquisitions.

Net cash provided by operating activities constitutes INV's primary source of liquidity to fund distributions, interest payments on loans payable, fees to the Asset Manager and other service providers, property-related taxes, repairs and maintenance, and capital expenditures for its properties in the ordinary course of business. INV's liquidity risks are managed by the Asset Manager by preparing monthly plans for funds, and monitoring the covenants defined in loan agreements.

As INV is a closed-end investment corporation, unitholders are not entitled to request the redemption of their investment.

Article 23(1) (i)

Description of all fees, charges and expenses and a maximum amount which is directly / indirectly borne by the investors Compensation: INV's articles of incorporation provide that it may pay its executive director up to JPY 800,000 per month and its supervisory director up to JPY 400,000 per month. The board of directors is responsible for determining the amounts of the monthly remuneration for the executive director and the supervisory director.

Asset Manager:

- Asset Management Fee: INV pays to the AIFM an asset management fee as follows:
- (1) From January 2021 through December 2021, as a fee for every half accounting period (three months), an amount not exceeding the lower of either (A) the amount calculated by multiplying the total amount of the relevant assets recorded as of the end of the relevant half accounting period by 0.4%, and then dividing by 4 (disregarding any amounts less than one yen) or (B) JPY 150,000,000:
- (2) From January 2022, as a monthly fee, the higher of either (A) the amount calculated by multiplying the total amount of the relevant assets recorded as of the end of each relevant month by 0.4%, and then dividing by 12 (disregarding any amounts less than one yen) or (B) JPY 25,000,000.
- Acquisition Fee:
 - If INV acquires any real estate or other underlying real estate by which other assets, including trust beneficiary interests, which are backed by any Real Estate, etc., which are targeted for asset investment, INV pays an amount not exceeding 0.5% of the amount contributed by INV among the purchase price thereof (excluding an amount equivalent to the

consumption tax thereon relevant to the building) within three months from the end of the month in which the date of acquisition of such assets falls.

• Disposition Fee:

If INV disposes of any real estate or other underlying real estate by which other assets, including trust beneficiary interests, which are backed by any Real Estate, etc., which are targeted for asset investment, INV pays an amount not exceeding 0.5% the amount received by INV among of the disposition price thereof (excluding an amount equivalent to the consumption tax thereon relevant to the building) within three months from the end of the month in which the date of disposition of such assets falls.

Administrative Agency Fee:

INV pays the AIFM a fee of JPY 100,000 for each month, payable on a quarterly basis for services performed during the three-month periods ending March 31, June 30, September 30, and December 31, respectively, and payable within two months of the end of the relevant period. If INV holds a general meeting of unitholders, INV pays the AIFM an additional fee of JPY 500,000 for services performed in connection with each such meeting, payable within the three month period immediately following the end of the month in which such meeting is held.

Custodian:

Custodian Fee:

INV pays to the Asset Custodian a custodian fee for each fiscal period, which may not exceed, on an annual basis, 0.02% of the total amount of its assets.

Unitholders' Register Administrative Agent:

Standard Fees:

INV pays standard fees for services such as storage and administration of INV's unitholder's register, monthly reports or other reports that form part of the regular services, and the determination of the identity of INV's unitholders as of end-of-period, mid-period, and quarterly dates (excluding extraordinary determinations) and compilation of various

statistical data. Monthly standard fees are equal to one-sixth of the sum of the total amount of fees calculated in the manner below, provided that the minimum monthly fee is set at JPY 200,000.

Number of unitholders	Fees per Unitholder
The first 5,000 unitholders	JPY 480
Over 5,000 and not more than 10,000	JPY 420
Over 10,000 and not more than 30,000	JPY 360
Over 30,000 and not more than 50,000	JPY 300
Over 50,000 and not more than 100,000	JPY 260
Over 100,000 unitholders	JPY 225

INV also pays a JPY 70 fee per case for data entry regarding deregistrations from the unitholder's register.

• Administration of Distributions Fees:

INV pays fees for the calculation of distributions and services such as the creation of distribution records and receipts, processing of stamp tax payment, preparation of payment records, determination of unpaid distributions and preparation of unpaid distributions records, preparation of wire transfer notices, wire transfer tape and wire transfer slips for distributions, application of withholding tax rates other than general tax rates, and preparation of distribution statements of accounts. The fees are determined based on the total number of unitholders as of the record date and calculated according to the table below, provided that the minimum fee is set at JPY 350,000.

Number of unitholders	Fees per unitholder
	receiving
	distributions
The first 5,000 unitholders	JPY 120
Over 5,000 and not more than 10,000	JPY 110
Over 10,000 and not more than 30,000	JPY 100
Over 30,000 and not more than 50,000	JPY 80
Over 50,000 and not more than 100,000	JPY 60
Over 100,000 unitholders	JPY 50

INV pays an additional charge of JPY 150 per instance in connection with distribution wire transfer instructions; a charge of JPY 100 per instance in connection with postal dividends receipts; a charge of JPY 150 per instance in connection with the application of special tax rates;

and a charge of JPY 15 per instance for preparation of distribution account statements.

Special Accounts Administrator:

Special Account Administration Fees (SMTB):

These fees are for the administration of special accounts, transfer agent and handling reports, verification of securities storage and transfer mechanism and total unit numbers, and creation of reports on transaction totals. The fees are based on the total number of subscribers as of the end of the relevant month and are calculated according to the table below. There is a minimum special account administration fee of JPY 20,000 per month.

Number of subscribers	Fees per subscriber
The first 5,000 subscribers	JPY 150
Over 5,000 and up to 10,000	JPY 130
Over 10,000 subscribers	JPY 110

Special Account Administration Fees (MUTB):

These fees are for the creation and administration of the transfer account register and the account ledger attached thereto; for reports for the notification of general unitholders; new listing, registration, cancellation, and total cancellation procedures; individual unitholder requests for information; listing and registration in the transfer account register, listing and registration of pledges, and listing and registration of trustees and assets held in trust; the opening and closing of special accounts; registration of seals for subscriber information and notifications, renewal of registration, and notifications to the subscriber information mechanism; services related to requests for the opening of special accounts for purchasers under the New Act on the Transfer of Corporate Bonds, etc.; and services relating to unit splits and reverse unit splits. The fees are based on the total number of unitholders as of the end of the relevant month and calculated according to the table below. There is a minimum fee of JPY 20,000 per month.

Number of unitholders	Fees per unitholder
The first 3,000 unitholder	JPY 150
Over 3,000 and up to 10,000	JPY 125

Over 10,000 and up to 30,000	JPY 100
Over 30,000 unitholders	JPY 75

INV also pays special account administration fees for the administration of each special account (except for certain unitholders as separately defined) as follows: a fee of JPY 150 for a general unitholder report; a fee of JPY 250 for offer or receipt of an individual unitholder notification; a fee of JPY 250 for receipt of information requests; a fee of JPY 250 for receipt of various notices; and a fee of JPY 130 for services related to distribution wire transfers.

Accounting Administrator:

Accounting Administration Fee:

INV pays an accounting administration fee, payable by the end of the month immediately following the month in which it receives an invoice from the Accounting Administrator. The accounting administration fee for any month is established by written agreement between INV and the Accounting Administrator, subject to a cap calculated as follows: total assets shown on INV's trial balance as of the end of the immediately prior month, multiplied by 0.09% and divided by 12 (subject to a minimum fee of JPY 500,000).

The accounting administration fee in respect of any period less than a month is calculated on a daily pro rata basis for such period.

Auditor:

Auditor Fee:

Remuneration for the independent auditor shall be determined by the board of directors within the maximum amount of JPY 25,000,000 per fiscal period subject to audit.

INV may also incur other miscellaneous fees in connection with the payment of distributions; certain notices, investigations and certificates; mailing of notices; handling of returned mail; preparation for general unitholders' meetings; preparation of table of unitholders; preparation of CD-ROM; printing; solicitation of wire transfer distributions; creation and processing of certain data; processing of individual or corporate number-related data; and receipt of transfer requests.

The current risk profile	The appropriateness and effectiveness of the risk management structure are
of the AIF and the risk	regularly evaluated and enhanced by the AIFM.
management systems	Funds from debts are mainly used for asset acquisition or debt repayment.
employed by the AIFM	These are exposed to liquidity risk at the time of repayment. However, the

to manage those risks	liquidity risk is controlled through such measures as striving to maintain and
]	strengthen the capacity to procure funds from the capital market via capital
	raising, along with securing several fund procurement sources and diversifying
	repayment deadlines, and also preparing monthly plans for funds.
	Debt with a floating interest rate is exposed to interest rate fluctuation risks,
	but the impact that interest rate rises have on the operations is limited by
	keeping the LTV at low levels and maintaining the proportion of debt that is
	long-term, fixed-rate debt at high levels.
	Furthermore, derivative transactions (interest rate swap transactions) are
	available as hedging instruments to mitigate the risks of rises in floating
	interest rates.
	Tenant leasehold and security deposits are deposits from tenants and are
	exposed to liquidity risks arising from tenants moving out of properties, but the
	liquidity risk is controlled through such measures as preparing monthly plans
	for funds.
Measures to assess	No such measures have been implemented.
the sensitivity of the	
AIF's portfolio to the	
most relevant risks to	
which the AIF is or	
could be exposed	
If risk limits set by the	No such situation has occurred.
AIFM have been or
